

EX-PRESIDENT PLEASED WITH MITCHELL VOTE

Former President Eisenhower, deep in retirement work at his office here after a two-month vacation in California, took time out this morning to congratulate his former Secretary of Labor James P. Mitchell upon his Republican primary election victory in New Jersey Tuesday.

Pleased with his former cabinet members victory, General Eisenhower said:

"I warmly congratulate Jim Mitchell, my close friend and colleague during the past eight years on his victory in the primary election yesterday in New Jersey. I can personally attest that he is an outstanding public servant, dedicated, able and diligent in promoting good, sound and progressive government."

"He will be a splendid governor of New Jersey."

"The sharply contested campaign now being over, I confidently trust that all elements of the Republican party in the state will make every effort to assure an overwhelming Republican victory in the general election. Sens. Jones and Dumont brought credit to the party with their ability, vigor and determination. I know they will now devote their substantial talents and prestige to the common cause and thus make New Jersey a symbol of Republican vitality and dedication throughout America this year and next."

CITIZENS TO MAKE BYPASS ACTION PLAN

A report on a recent meeting with Ivan L. Carter Jr., borough manager of Carlisle, on the effects of the Carlisle bypass on that community, was presented Monday noon at a meeting of the roads and highways committee of the Gettysburg Chamber of Commerce at the Lamp Post Tea Room.

John Basehore and Thomas Metz reported on a meeting of a subcommittee consisting of themselves and Marshall Tuckey, Andrew Larson and Paul Witt with Carter at Carlisle.

Basehore and Metz said Carter had given the group names of a number of officials to contact at Harrisburg to secure further information on plans for the Gettysburg bypass which is scheduled to be constructed during the two years from July 1, 1961, to June 30, 1963.

Carter told the group, the subcommittee reported, that the state highway department adopted a number of suggestions made by Carlisle residents, but added that the only way for the Highway Department to know what a community wants is for the community to determine itself its own wishes in the matter.

The roads and highways committee, headed by Julius Swope, made plans to meet with Harrisburg officials, determine such information as it can pertaining to the new road, then hold a public meeting locally to secure any suggestions for potential changes and report that information back to Harrisburg.

GIVE \$298 TO DAY CARE UNIT

Karl Burkhardt, president, and Irvin Straw, chairman of the "Ugly Man" contest at Gettysburg College, today presented a check for \$298 to Miss Elizabeth Rutledge, supervisor of special education, as a contribution from the fraternity to the Adams County Day Care Training Center.

The money was realized by the fraternity from the annual "Ugly Man" contest which it sponsors each year and turns the proceeds over to a worthy charitable community organization.

The Alpha Phi Omega is composed of students at the college who were former Boy Scouts. These students volunteer their services for various campus functions such as ushering at football and basketball games, special events and as guides for visitors and groups touring the college campus.

Seek Color For Civil War Fete Here Saturday

In a spirit of cooperation Gettysburg merchants are asked to do everything they can to present Civil War appearance to their store windows for the pageant to be presented here Saturday afternoon from one to three o'clock.

Civil War displays in their windows, costuming of their clerks if possible, flying of flags and any other effort to emphasize the first Civil War commemoration program in Gettysburg are urged.

If weather permits, a large crowd is expected here for the affair and if merchants can help in adding some color to their store windows and interiors it will add immeasurably to the pageant's color and success.

Although the time is short the pageant committee feels that merchants have sufficient time to add something of the Civil War theme to their window display.

Town folk are asked to fly their flags.

HORSE SHOW PLANS MADE FOR JUNE 18

Further plans for the annual Gettysburg Horse Show to be held June 18 at the Twin Lakes horse show ring were outlined Tuesday evening at a dinner meeting of the Gettysburg Riding Club at the Country Club.

As in the past, 25 classes will be listed for the show. One pair class was removed from the list and a road hack class was substituted to be in conformity with the Maryland-Pennsylvania Horse Show Circuit setup. Under the Maryland-Pennsylvania rules no but points will be given for the road hack class.

Leo McDermitt was named chairman for the horse show with Dr. Bruce N. Wolf and John Schroll, as co-chairmen. Ray M. Hoffman was named treasurer; Leroy H. Winebrenner, secretary; S. Blaine Miller, chairman of refreshments; Carl Oyer, chairman of grounds, and Charles Weaver, chairman of sponsors and trophies.

President John D. Teeter presided at the meeting with 70 present. The business session followed a dinner served by a committee headed by Dr. and Mrs. S. D. Solomon and Mr. and Mrs. LeRoy LeVan.

Dr. and Mrs. James D. Sheen were accepted as new members of the club.

Mr. Winebrenner announced the appointment of George Persens, Allentown, as judge for the show. Joseph King, a member of the club, will be ringmaster and John Schroll will be in charge of ring personnel.

Fairfield Lions Hear Dr. Bowen

Dr. Earl Bowen, head of the Biology Department at Gettysburg College, was the speaker at the meeting of the Fairfield Lions Club Tuesday evening in the Lutheran parish hall. He showed slides and spoke of the customs of the people of Afghanistan, a neutral country bordering Russia. This nation, the size of Texas, was once known as the center of the world.

There were 40 members and two guests present. The club voted \$5 to the Pennsylvania Lions Sight Conservation and Eye Research Foundation and \$5 to the cancer fund.

Laos Asks Help As Reds Launch Four Offensives

WASHINGTON (AP) — The United States has agreed to send military advisers into combat zones in Laos to aid loyal forces in the fight against the Communist-led rebels.

U. S. officials, disclosing this today, said the number of such advisers will not exceed 300. They said the action was taken at the request of the Laos government.

By THE ASSOCIATED PRESS

The Laotian government decided today to ask its "friends and neighbors" for help, declaring four new rebel offensives backed by Communist troops from North Viet Nam threaten Laos and all Southeast Asia.

Foreign Minister Tiao Sopsaisana said Laos wants more and better arms and a full-fledged U. S. Military Assistance Group to replace the civilian body now training royal troops.

He asserted Laos is thinking of asking for foreign troops if the situation worsens.

The foreign minister did not say who besides the United States would be asked for help but indicated it would be neighboring Thailand and South Viet Nam.

SITUATION IS WORSE

There was no confirmation from Western sources in Laos of any massive rebel attacks, but the decision to seek more aid, including troops if necessary, was interpreted as an indication the situation is worsening.

Britain launched another diplomatic move to end the fighting. Foreign Secretary Lord Home announced in London that Britain has asked the Soviet Union to join in issuing a call for a cease-fire Thursday.

Sir Frank Roberts, Britain's ambassador in Moscow, was instructed to try to get an immediate cease-fire, Lord Home said, and conferred with Soviet Foreign Minister Andrei A. Gromyko.

C. C. GROUP TO GATHER DATA ON HOUSING

Because it is one of the principal questions being asked by industry invited to move here, the Industrial Development Committee of the Gettysburg Chamber of Commerce at its meeting Tuesday noon at the Hotel Gettysburg decided to survey the area to determine what is available in the line of housing.

William A. Bigham, realtor member of the industrial committee, said a survey made by him with the aid of other realtors who are members of the Chamber of Commerce showed 91 homes listed for sale within five miles of Gettysburg. Thirty-one are in the \$10,000 to \$15,000 class, 22 in the \$15,000 to \$20,000 class, 11 in the \$20,000 to \$25,000 class and 27 in the \$25,000 to \$30,000 class.

Bigham added that rental information is more difficult to assess because most homeowners rent directly rather than through realtors.

COMMITTEE NAMED

Committee Chairman J. Howard Gaines appointed Bigham, Lee M. Hartman and John C. Bream as a committee to study the question of housing, both rental and sale, and set up a centralized filing list so that information will be readily available when questions of housing are raised by potential new industry.

A 45-minute general discussion on housing indicated that many newcomers to Gettysburg are renting in Biglerville, Bonneauville, Arendtsville and other communities nearby because of the relatively small number of rental homes available in Gettysburg.

There seemed general agreement that, if a firm intention to move here is indicated by an industry and there is need for additional rental quarters, potential new industry.

Kennedy Tells Khrushchev To Keep His Hands Out Of Cuba Or Face U.S. Force

By LEWIS GULICK

WASHINGTON (AP) — President Kennedy has fired a straight shot from the shoulder warning to Soviet Premier Khrushchev to keep hands off Cuba.

Kennedy made it clear in a message to the Soviet leader Tuesday night that the United States will take immediate steps to counter any military intervention by outside force in the Cuban fighting.

The President declared moral support for the "Cuban patriots" in their struggle for freedom and said again that the United States intends no military intervention.

As Kremlin reaction to Kennedy's message was awaited, officials here reported no evidence of any military follow-up by Khrushchev to his threat to supply "all necessary assistance" to Cuba's pro-Communist Fidel Castro regime.

ISSUES RED THREAT

Khrushchev's threat to aid Castro came early Tuesday in a message to the White House.

In tit-for-tat on Moscow's publishing Khrushchev's note before it reached Kennedy, the White House made public Kennedy's answer at the same time Tuesday night that Secretary of State Dean Rusk gave it to Soviet Ambassador Mikhail Menshikov.

Authoritative sources said Kennedy personally devoted much time to wording his reply and conferring with advisers.

500-WORD REPLY

The result was a comparatively short — 500 words — message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

Kennedy told Khrushchev:

1. The United States morally supports and will not hinder "Cuban patriots" in their struggle for freedom against the Castro government.

2. While the United States "intends no military intervention in Cuba, in the event of any military intervention by outside force we will immediately honor our obligations under the inter-American system to protect this hemisphere against external aggression."

CITES OLD PACT

Kennedy referred, as had President Eisenhower in a similar warning to Khrushchev last summer, to the commitments by the American republics under the Rio de Janeiro Pact to act together against any move by an outside power endangering peace in the hemisphere.

3. Rather than using the Cuban situation as a pretext "to inflame other areas of the world," Moscow should join in present opportunities for peace in Laos and the Congo and for agreeing to a ban on atomic tests.

4. Contrary to Khrushchev's (Continued On Page 3)

PLAN MENTAL HEALTH WEEK EVENTS HERE

Plans for National Mental Health Week beginning April 30 were outlined at the meeting of the Adams County Mental Health Association in the board room of the Warner Hospital Tuesday morning.

Dean John Shainline, Gettysburg College, announced that a survey "to increase the public's awareness to the problem of mental health and to interest young persons in careers in mental health" will be conducted in the 11th and 12th Grades by Dr. John Shand and Samuel Mudd of the college faculty. So far as is known, the Adams County survey is the only one of its kind being conducted currently in the nation. Results will be reported to state and national offices.

Another event of that week will be a one-hour taped program over WGET by the Rev. Edwin Elliott, Dr. Young, York psychiatrist, and two young parents. Radio spots will be written by Daniel L. Skelly Jr., and newspaper articles will be prepared by Dr. Paul L. Reaser, Lewis B. Frank, Miss N. Louise Kimer and Miss Elizabeth Rutledge. On Sunday, April 30, all churches in the county will be asked to have some reference to mental health. Members from the local group will attend the open house to be held at the Harrisburg State Hospital on May 2. Those wishing to attend should contact Mrs. Donald White, secretary.

EXPLORERS PLAN DANCE

Butcher Shop Is Damaged By Fire

Damage was estimated at \$3,000 by Cashown Fire Chief Owen Bucher when fire damaged the roof of the butcher shop at the property of Wilbert Riggeal, two miles west of Orrtanna, shortly after 8 o'clock Tuesday evening.

The fire is believed to have started from a smokehouse which is part of the butcher building. Mr. Riggeal was engaged in curing meat there and although smoke was seen coming from the building, it was assumed by a passerby that the smoke was coming from the smokehouse section until it was discovered the roof was on fire.

The Fairfield Fire Company responded to a call to the same blaze.

The alarm interrupted a meeting of the Cashown firemen.

TELLS GROUP OF BOROUGH MANAGEMENT

"The big advantage of a borough manager is that it draws a line between the lawmaking groups and the administrative group," Hanover borough manager Joseph O'Brien told the Civic Affairs Committee of the Chamber of Commerce at a luncheon Tuesday noon at the Lamp Post Tea Room.

O'Brien said that, "if there is a need for improvement in the town setup," he sees nothing wrong with bringing in a special survey team to see why and how the change-over could be made.

"A borough manager would eliminate the administrative nuisance problem which so frequently occurs in towns of this size. Under the Hanover setup, the town council makes the policies, and I carry them out," he said.

O'Brien said that, if the town council should ever decide to engage a borough manager, it could probably do it without the vote of the people, but he added that such a project must be sold to the public through good public relations.

The burgess would not suffer any loss of prestige, he said in response to a question. "He is still the elected official, the only difference is that he doesn't have to be bothered with so many administrative problems."

O'Brien said the Hanover borough manager setup started in 1927. In 1956, the council felt there was no real clear-cut line as to responsibilities, and a special survey team was engaged to analyze the situation.

He said, "They found that it was a system in form only, sort (Continued On Page 3)

PLAN SPECIAL RITES, PARADE FOR BATTLE'S ANNIVERSARY

Fighting in the area of the railroad cut along Reynolds Ave. during the first day's fighting will be commemorated in exercises to be held July 1 as part of the observance of the 88th anniversary of the Battle of Gettysburg. It was decided at a meeting of the anniversary committee Tuesday evening at the engine house.

The commemorative exercises July 2 will include a concert by the Army Field Band and Chorus at the Gettysburg High School auditorium at 7 p.m., William G. Weaver, chairman of the special events committee, reported.

July 3 the program will honor the firemen who fought in the Civil War, with the 72nd Pennsylvania Infantry Regiment made up of firemen from Philadelphia — as the unit to be honored as representing all firemen who fought in the war.

PARADE JULY 6

Weaver also reported the Second Army Band will head the annual parade to be held at 7:30 o'clock on the evening of July 6. A total of \$1,200 in prizes will be awarded participants. Parade invitations will go out "in about ten days."

The annual solicitation for funds will begin May 15 and Paul B. Fox, chairman of the solicitation for business places, said letters will be sent to those establishments prior to that date.

Ivan Breighner and Glenn Raffensperger were asked to report at the next meeting of the committee on the cost of constructing and purchasing new tables for use in connection with the festival. Decision on whether to buy or make the tables will be made following the reports.

Robert Neary reported on plans to hold a "teen-age record hop" as one of the events in connection with the festival at the Recreation Park July 3 through 5.

PLAN "RECORD HOP"

Discussion was held on the possibility of holding a "matinee," possibly July 4, for the special benefit of the Hoffman and Paradise home children who would, if the plans can be worked out, be given free rides on the various amusements and given free candy, popcorn, etc. Chairman Francis I. Linn said he would give a report at the next meeting on whether such a program could be held.

MAY ASK C-D TO TRANSPORT HOME GUESTS

Moving of the guests at the county home to their new quarters in the new county home may be a Civil Defense project.

The county commissioners at their meeting this morning at the courthouse, in discussing methods of moving the 80 guests, many of them bedridden, to the new home, suggested the possibility of utilizing the county's CD facilities for that purpose.

This afternoon they are meeting with County Civil Defense Director William G. Weaver on the matter. Weaver at noon today said he highly favored the suggestion.

MAJOR UNDERTAKING

In the preliminary discussion this morning the commissioners noted that the problem of moving the guests will be a major one and must be accomplished in proper fashion because of the physical condition of some of the guests. Only the guests will move — along with personal effects. There will be no transfer of furnishings to the new home.

With trained ambulance crews and equipment and with other facilities available through Civil Defense, Weaver said that in his opinion it would provide a good test for the CD setup. Civil Defense might some day be called upon for evacuation of a hospital, or evacuation of large numbers of wounded from buildings and techniques used in moving the county home guests comfortably could be used later in event of emergency.

The commissioners said this morning they had been informed the board of view named by the court has inspected the new building and it is anticipated the report of the board will be before the court in the "not too distant future." When the court accepts the new home for the county, plans will be completed for the dedicatory program and the date set for moving the guests.

Rebels Bomb Havana, Cuban Air Force Headquarters As Invaders Seek To Free Land

By THE ASSOCIATED PRESS

Rebel air raiders struck at Cuban air force headquarters and first time since invaders stormed Havana during the night, bringing the conflict to the capital for the first time since invaders stormed ashore last weekend, the Cuban radio said today.

The radio reorted a twin-engine B26 dropped a bomb on the air force headquarters at San Antonio de los Banos, 25 miles from Havana, then wounded three persons in a stranding run on Havana.

A diplomat in Havana reported a plane that swept over Havana was met by heavy anti-aircraft fire. He mentioned no strafing. A Cuban rebel radio station on Swan Island off Guatemala claimed Havana was bombed twice by three planes. It asserted one of the planes attacked Camp Libertad, army headquarters on Havana's outskirts.

ALL QUIET NOW

The diplomat talked by telephone with an Associated Press correspondent at the big U. S. naval base on Guantanamo Bay in eastern Cuba.

He said the plane passed over the city at 8:15 p.m. Tuesday but otherwise "all is quiet for the present." He had no information about the situation elsewhere in Cuba. The situation was quiet around the naval base.

There was little news on the progress of the invasion force on the coastal front southeast and east of Havana.

The government put its firing squads to work, sending two Americans to their deaths. The Castro radio said five men who landed in Pinar del Rio Province of western Cuba to join the rebels were executed, and another group of four was shot for transporting weapons.

DENY REBEL CLAIMS

In the first group was August Jack McNair of Miami, Fla. The broadcast said the second group included Howard F. Anderson, a Havana resident from Seattle, (Continued On Page 3)

Plan Radiological Defense School

A meeting will be held at the engine house, E. Middle St., Friday evening at 8 o'clock, according to Harry M. Fasick, director of Adams County's Civil Defense radiological division, to establish a school on radiological defense.

Volunteers are sought to become members of the radiological defense team of the county's CD organization. Training will be given in monitoring with survey meters, geiger counters and dosimeters and the charting of "fall out" through use of information from the weather bureau and maps of the state and county.

Fasick said it is "desirable to have some applicants with some some drafting knowledge and some mathematical background."

Those interested in attending the school are asked to either be at the engine house Friday evening or phone Fasick at York Springs 21 or contact William G. Weaver, Adams County Civil Defense director.

Will Seek Funds For New Fire Truck

The ladies' auxiliary of the Bonneville Fire Company at its meeting Tuesday evening in the fire hall heard a plea from President Rodney Gulden to assist in the drive for a new fire truck. The ladies decided immediately to start a drive for cash donations for the new truck.

U. S. Plane With 16 Aboard Crashes

HONG KONG (AP)—A twin-engine U. S. Air Force plane with 16 persons aboard apparently crashed on a hill near downtown Hong Kong today but thick fog hid it from searchers.

A spokesman for the Hong Kong government said the plane took off from Kaitak airport at 6:07 p.m. and apparently crashed in the low-lying fog and mist a few minutes later.

The plane was believed to have crashed at North Point, a hilly area less than five miles from downtown Hong Kong. But with the fog thickening even more as night came, the crash site could not be located and the government broadcast an appeal to residents for information.

Eichmann Expects Death Penalty And Is 'Ready To Atone'; Play Tape Recordings Of The Pretrial Interrogations In Court

JERUSALEM (AP)—In his own words replayed today from a tape recording, Adolf Eichmann said he expects the death penalty and is "ready to atone."

"I know that I can expect the death sentence and I don't ask for clemency," the former Gestapo colonel told Israeli police who questioned him after his capture in Argentina last year.

"I cannot claim mercy because I know I am not worthy of it," Eichmann said in the statement, which was recorded in June 1960.

In support of its charges that Eichmann was the operational director of the Nazi plan to exterminate Europe's Jews, the prosecution began replaying extended excerpts from 77 cartons of tape recordings of the pretrial interrogations.

HEARS HIS STORY

His voice echoing hoarsely through the Jerusalem courtroom while he himself sat listening in the prisoner's dock, Eichmann said that before his death he would like to write a book. He said he wanted the younger generation to know what happened in Nazi Germany and the reasons for it.

Eichmann said he had been told in January 1960 that "I would be brought to trial and that I would not live beyond my 56th year."

He is 56 now. He did not identify the prophet.

USED TO DISCIPLINE

"The first part of this prophecy already has come to pass," he said in the recorded statement.

"This case finds me in complete readiness and without any regard for my personality to tell everything that I know."

"I have always been accustomed to discipline from my childhood right through 1945—unreserved discipline."

"I knew what disobedience would have meant for me. But matters of planning until 1945 were not handed to me at any time during the preceding 10 years. I was in a lower rank than the policy makers and planners."

HANDS NOT CLEAN

"I cannot claim that I had clean hands. Those who planned and gave instructions, however, got off cheaply by suicide. Others are now dying or are not to be found."

"I know I should have hanged myself in public so that all the anti-Semites in the world would have had these terrible events stressed for them."

Eichmann pictured himself as a man who recoiled from the sight of blood and nearly fainted when he was forced to witness Jews being gassed to death in the Nazi extermination camps.

"WAS TOO APPALLED"

"I couldn't look. I tried to avert my eyes from the sight. I was too appalled to look," he said in describing his reactions the first time he saw Jews put to death.

Eichmann also said:

1. The order for the physical extermination of the Jews during World War II came directly from Adolf Hitler. They were transmitted to him, he said, by Reinhard Heydrich, chief of the security police of Nazi Germany.

2. He protested to his immediate superior, SS Gen. Heinrich Mueller, and others, that execution was not the way to resolve "the Jewish problem."

BEGGED FOR CHANGE

3. He begged Mueller not to send him to the death camps for further reports. He said that when he did go, he saw as little as possible.

Eichmann spoke in a deep, halting voice. There were many long pauses, and many times he told his interrogators, "I don't know. I can't remember exactly about that."

As he listened to the playback, Eichmann's expression changed. Heretofore it had been wooden, impassive, showing nothing.

Today, he leaned back with what appeared to be a satisfied air. A small, almost benign smile played around the edges of his thin lips.

Before the playing of the tapes began, Capt. Avner Less read to the court a transcript of an interrogation session in which Eichmann said he was testifying freely into the recording machines.

TWINS WILL BE GIVEN ROUSING WELCOME HOME

ST. PAUL-MINNEAPOLIS (AP)—The front-running Minnesota Twins arrive home tonight to one of the biggest welcomes ever accorded a state athletic team.

Even the weatherman is proving cooperative, as thousands of Minnesotans prepare for the opening of major league baseball in the Gopher state. The Twins meet the new Washington Senators at Metropolitan Stadium Friday.

Everywhere talk is centered on the Twins and their amazing break from the American League starting gate.

Minnesota's 3-2 triumph over the Boston Red Sox Tuesday brought the Twins' league-leading record to 5-1, four of the victories over the two pre-season pennant picks—New York and Baltimore.

No elaborate ceremonies are planned at the airport, but fireworks will start Thursday.

St. Paul opens the ceremonies with a breakfast and musical salute from the police band at a downtown hotel.

A 36-car motorcade, with officials and players waving from convertibles, will wind through city streets, across the Mississippi River and into Minneapolis.

The largest luncheon crowd in the history of the Minneapolis Chamber of Commerce is expected. The players again will be introduced and interviewed.

Before the day is over, most Twin Cities fans and many outside faithful will have had their first real look at the heroes they've been watching over their television sets.

MITCHELL TO CALL ON SOME OLD FRIENDS

NEWARK, N. J. (AP)—James P. Mitchell, newly nominated Republican candidate for governor of New Jersey, said today he will call on some old friends from the Eisenhower administration to boost his coming campaign.

Mitchell, former labor secretary, beat out two rivals in the Republican primary election Tuesday. In a victory statement he said he had promises of aid from former President Dwight D. Eisenhower; former Vice President Richard M. Nixon, and New York Gov. Nelson A. Rockefeller.

Richard J. Hughes, 51, a former judge who won the Democratic nomination with only token opposition, said that if Mitchell brings in national figures, he will consider calling on help from President Kennedy.

Returns from 4,379 of 4,394 districts gave Mitchell 199,457 votes, State Sen. Walter H. Jones 156,933 and State Sen. Wayne Dumont Jr., 94,617.

Mitchell's victory over the veteran state legislators installed a new leadership at the head of New Jersey's Republican party, with Sen. Clifford P. Case, a liberal Republican, in command.

Jones ran with the backing of two-thirds of the GOP county organizations. Mitchell and Case said Jones represented an old-line leadership that had squandered the party's supremacy in the eight years since Democratic Gov. Robert B. Meyner was elected.

Meyner could not run for a third term. He leaves office next January.

Chairman Gaines appointed Richard Hartley, James Hays and Robert McCoy to meet with the Municipal Authority and the civic affairs committee of the Chamber of Commerce to study the possibility of increasing water pressure in connection with some existing industries in the town.

TO GATHER FACTS

The proposed industrial brochure for the Gettysburg area was presented by James Hays, chairman of the data committee. The brochure was approved by the committee, and now will be presented to the board of directors of the Chamber of Commerce for final approval and printing.

Chairman Gaines appointed Francis Timlin, John Bream and Nicholas Juengert as a committee to attend the Cumberland Twp. zoning meetings. They will later report to the committee on how the proposed ordinance relates to industrial planning in the area.

Gaines reported that the local high school principal and the Department of Employment Security are conducting a survey for the committee on the labor force available, or seen to be available in the case of high school students, in the Gettysburg area.

of a decentralization of government. The responsibilities in the town were split, and there was a certain amount of chaos. The survey showed that they must have a borough manager who is responsible to the council for the people. They said that there must be coordination directly responsible to the council.

"A second point the survey revealed was that there was no coordination, no real firm chain of command."

To get the answer, O'Brien said they outlined the administrative duties of the manager, the duties of the mayor and of the council. This way, the people had someone to represent them. Sixteen persons attended the meeting including Burgess Wilbur E. Plank and several councilmen. Atty. Donald Oyer introduced O'Brien.

Chairman of the committee Ralph K. Will announced the next meeting will be held May 26.

FRIENDS ARE LOOKED TO FOR LIBRARY AID

Editor's Note: In conjunction with the nationwide observance of National Library Week, April 16-22, The Gettysburg Times will publish a series of articles pertaining to the Adams County Public Library and its role in the community by several friends of the library. The following is the third of the series:

FRIENDS OF THE LIBRARY

By W. R. SCHUBART

The Adams County Public Library belongs to all the people of the county, but its success and its growth depend on the support and interest of each citizen.

New books must be purchased, and old ones replaced; the building is aging, it needs repainting and repointing; the staff must be paid adequate salaries; the library must increase in size and service. All these expenses cannot be met by funds from the Community Chest, the county and the state. Therefore the library must depend on funds from private sources, from its friends.

Mrs. Frank Hewetson was appointed by the library board in January, 1959, to organize an auxiliary group. She worked with a steering committee and late that year a constitution was formally adopted. Mrs. Hewetson became the first president. The group became the "Friends of the Library," a nonprofit organization whose purpose is "to maintain an association of people interested in library development; to focus public attention on library services, facilities and needs; to stimulate gifts to the library, including endowments and bequests."

MANY HAVE DONATED

Already the Friends have made large contributions. They paid the expenses for conducting a campaign to have the library put under tax support by referendum; they purchased two handsome self-tables to hold outside reference books and atlases, and donated \$1,000 to the library. Of that amount \$375 paid for new permanent shelving to replace the upstairs and main floor fireplaces and the remainder of the sum went for the purchase of books.

The Friends bought a work table and supply a group of women who use it every week to repair worn books. Another service is the weekly story hour conducted for the youngsters.

Membership to the Friends is renewable yearly. Now is the time to send in your 1961 subscription to Mrs. Basil Crapster. Encourage new friends to join and watch for coming functions. You will be able to buy refreshments from the Friends during the Gettysburg pageant, "The Departure of the Independent Blues," on April 22. And you won't want to miss seeing the Arne Nielsen family present its program of Danish songs, stories and dances at the Brua Hall auditorium on May 9, admission is free.

Parking Rules Bring Variety

Of Expressions: The first weekend of parking under the new borough regulations brought complaints and comments of approval in a wide conflicting nature from members of council, merchants and visitors.

As a result of the week-end "try-out" the safety committee, J. Price Oyler, chairman, will meet at 7:30 o'clock this evening to discuss several proposed changes, chief of which being the time limit for parking which now permits 24-hour parking on one side of the street and thirty minutes on the opposite side.

Asks Bids For Battlefield Roads, Walks: Approximately \$10,000 is expected to be spent by the federal government to build .22 miles of roads, flag-stone walks and grass plots at the two new entrance stations to the Gettysburg Battlefield.

The appropriation for the completion of the work of constructing the entrance stations was announced some time ago but bids for the work are asked in an advertisement appearing in the Gettysburg Times today.

The United States department of agriculture, bureau of public roads, is asking for sealed bids for the construction of road project 443-54A, on the Battlefield.

Grover Pitman Overcome Extinguishing Fire In Car: Grover Pitman, 28, of 653 South Washington St., was overcome by smoke and flames while fighting a blaze in his light roadster parked close near his home early Sunday morning. Partially revived by Officer Charles W. Chup Jr., of the borough police, the man was taken by the officer to the Annie M. Warner hospital where he was admitted as a patient.

About 3 o'clock Sunday morning, Mrs. Pitman discovered that her husband's light car, parked along the north side of their dwelling on South Washington street, near the Steinwehr street intersection, was in flames. Mrs. Pitman called her husband who was sleeping.

Using a garden hose and two fire extinguishers, Mr. and Mrs. Pitman: Robert Smith, father of Mrs. Pitman, and Vaughn Harbaugh, a neighbor, succeeded in extinguishing the blaze before it spread to the house.

New Oxford Girls' Choir Wins Contest: The New Oxford High School girls choir was named the winner at the Southern Pennsylvania district contests of the Pennsylvania Forensic and Music league conducted Saturday at the John Harris and Edison Junior high school, Harrisburg.

Nelson Gable, of New Oxford, won the tuba contest.

Four Biglerville high school students participated in the contests. The New Oxford high band competed in the class C band eliminations.

The district winners are eligible to participate in the state finals at Pottsville Saturday.

Couple Bruised When Car Hits Train Caboose: Mr. and Mrs. J. Cecil Guise, Gettysburg R. 4, escaped with bruises when their automobile collided with a Western Maryland freight train about 11 o'clock Saturday evening at the North Stratton street crossing.

Mr. and Mrs. Guise, accompanied by Mrs. Herman Beamer, Gettysburg R. 4, who was injured in the crash, were driving north on the crossing when the front of the Guise car struck the right rear step of a caboose, at the end of a string of freight cars being backed toward the Carlisle street crossing.

Alert Youth Saves Boy, 2, After Falling From Auto: Quick thinking on the part of a 14-year-old Arendtsville high school lad probably saved the life of Wayne Plank, aged two and a half years, son of Mr. and Mrs.

Today's Talk

THE POTLUCK OF THE DAY

Acceptance is one of the great virtues of the human heart. And not until one is fully equipped to accept life and all its offerings and chances, is one able to enter into the full business of living.

We must learn to take the "potluck" of the day!

Sometimes it will rain. There will be days that are hot. Some very cold. (Like this past winter.) The very fibre of many days will be streaked with disappointment and discouragement. But there will be others that will be joyous with mirth and luck.

The law of averages touches the path of us all. Let us take what is set before us, as the product of our toil and thinking, knowing full well that if we would partake well, we must work and give well.

To none of us does it yet appear what we shall be at our last best.

I have always liked to drop in to the homes of people for whom I care—to sit at their table and take potluck with them. And I never want them to apologize for what they give me. That would spoil it all. I don't go to be fed, but to be filled—not solely with food, but with love, understanding and cheer.

Each day dawns for all. And the conditions under which it arrives are the same for all.

You wouldn't be less brave or enterprising than the one next to you, would you? He dives in, willing to take what is given, determined to make things come if they aren't around. "Potluck" for him—and glad of the chance.

Tomorrow Mr. Adams will talk on the subject: "Courage Wanted!" Protected, 1961, by The George Matthews Adams Service

Just Folks

JOYS

You needn't be rich to be happy; You needn't be famous to smile. There are joys for the poorest of toilers

If only he'll think them worth while.

There are blue skies and sunshine aplenty,

And blossoms for all to behold

And always the bright days outnumber

The dark and the cheerless and cold.

Sweet sleep's not a gift of the wealthy,

And love's not alone for the great;

For men to grow old and successful

It isn't Joy's custom to wait.

The poorest of toilers has blessings

His richer companions may crave;

And many a man who has riches

Goes sorrowing on to the grave.

Today is the time to make merry;

'Tis folly, for fortune, to wait;

You'll not find the skies any bluer

If ever you come to be great.

You'll not find your joys any brighter,

No matter what fortune you win;

Make the most of life's sunshine

This minute;

Tomorrow's too late to begin.

Conerly Signs
For 14th Year

By MIKE RATHET

Associated Press Sports Writer
NEW YORK (AP) — Charley Conerly, a gray-haired scrapper who has fought off a host of youthful challengers in the last several years, is ready for round 14 as the No. 1 quarterback of the New York Giants.

The dean of active National Football League players—he will be 40 two days after the season opens—ended rumors about his retirement Tuesday by signing for his 14th year of pro grid action with the Giants.

Terms of the one-year contract were not disclosed by President Jack Mara, who would only say Conerly was one of the NFL's highest-salaried stars. It is estimated the former University of Mississippi standout will receive \$25,000 to \$30,000.

"LAST TIME"

As is his usual practice, Conerly told Mara as he agreed to terms: "I guess this will be my last time."

As is his usual practice, Mara smiled and replied: "Yes, Charlie."

Conerly's career is equalled in longevity among active NFL players only by Green Bay's Emmett Tunnell, a former Giant teammate.

Only two players—Washington quarterback Sammy Baugh and Giants center Mel Hein—had longer careers. Baugh played for 16 years, Hein for 15.

In 13 seasons, Conerly has passed for 166 touchdowns and completed 1,374 aerials for 18,854 yards—over 10 miles.

Farmers Behind In
Spring Field Work

HARRISBURG (AP)—The State Crop Reporting Service says Pennsylvania farmers are behind in their spring field work because of continued wintry weather. "A few farmers in the extreme southern counties and in northwestern Pennsylvania did get in a few hours of plowing during the past week," the Service said Tuesday in its weekly report.

But it added that activities for farmers in most parts of the state consisted of spring clean-ups, the barn chores, fence building, machinery maintenance and shoveling snow.

Reinaman, Mrs. Wilmer Dutterer and Mrs. Lewis Fox.

NOT CONCERNED
ON DECISION TO
CANCEL VISIT

By SPENCER DAVIS

WASHINGTON (AP) — American authorities were more concerned today over the dangerous military situation in Laos than by the decision of former Premier Souvanna Phouma to skip Washington on his world tour.

The State Department announced Tuesday night that the Laotian neutralist leader cancelled his projected visit as a private citizen in order to return to Laos "on schedule" by way of Peiping.

Some Western diplomats expressed themselves as "90 per cent certain" that Souvanna Phouma will come here at a later date for talks with President Kennedy and Secretary of State Dean Rusk on neutralizing the Southeast Asian kingdom.

SHOW OF PIQUE
In a note delivered through the U. S. Embassy in Moscow, Souvanna Phouma was informed that Rusk would be out of town Thursday—making a speech in Atlanta—and would be unable to see him.

With a show of pique, officials said, he notified the United States through his secretary in Moscow that he was calling off the U. S. trip.

Souvanna Phouma had been outspoken in blaming the United States for perpetuating the conflict in Laos. On his arrival Sunday in Moscow, the prince profusely thanked the Soviet Union for providing "unrestricted aid" to his government.

Moscow still recognizes Souvanna Phouma as the "legal" head of the government. The United States backs the government of Premier Boum Oum which forced Souvanna Phouma into exile last December.

UNEMPLOYED
WILL RECEIVE
EXTRA MONEY

HARRISBURG (AP) — Money

for jobless Pennsylvanians who had used up their regular unemployment benefits was in the mail today.

Gov. Lawrence sent a telegram to U. S. Secretary of Labor Arthur Goldberg Tuesday to inform the federal official that the state had mailed its first checks under a federal extension of jobless benefits.

"This program will be of real, immediate help to the families of more than 57,000 Pennsylvanians who have exhausted their benefits and are still unemployed," the governor said.

He estimated that more than 200,000 eventually will draw benefits under the program.

Under the program jobless persons who have exhausted the regular 30 weeks of benefits can receive an additional nine weeks of compensation at the regular rate.

Lawrence's telegram said the Kennedy administration "can be proud of this program which we hope will be coupled with other programs now before congress to restore a prosperous national industrial growth and bring full employment to our citizens."

DEATHS

By THE ASSOCIATED PRESS

KANSAS CITY, Mo. (AP)—Dr. Charles E. Allen, 84, last surviving founder of Sertoma International, died Tuesday, apparently of a heart attack. Dr. Allen, who retired from medical practice this year, and two other men founded the club in 1912. Its name was changed from Cooperative to Sertoma, a word coined from service to man, in 1950. The club has 250 chapters and more than 13,000 members.

OAK RIDGE, Tenn. (AP)—Dr. Elda E. Anderson, 61, a nationally known scientist in the health physics field, died Monday. She joined the atomic energy program at Los Alamos, N.M., in 1943 and later was transferred to Oak Ridge where she helped establish the health physics division.

MONTREAL (AP)—Mrs. Willie Longman, 57, a lyric soprano who toured Canada and the United States under the professional name Mme. Jeanne Desjardins, died Monday.

The Milwaukee Braves and Los Angeles Dodgers turned in 16-6 records in games played against Philadelphia last season.

New Policy — New DealLIBRARY BILL
GIVEN WHOLE
REWRITING JOB

HARRISBURG (AP)—The status

of the Lawrence administration's library improvement bill was up in the air today after Senate Republicans did an extensive rewriting job.

Taking advantage of Democratic absenteeism Tuesday, the Republicans forced through eight amendments they said would remove the possibility of state control over local libraries.

Straight party line votes of 25-23 were recorded on each of the amendments. Only a simple majority is required to adopt amendments while 26 votes are needed for final passage.

END IN CONFERENCE
It seems most likely the bill will wind up in a House-Senate conference committee to work out the differences.

The Democrats were unable to stop the Republican amendments because Sen. George J. Sarraf, Allegheny, is hospitalized and Sen. Benjamin Donolow, Philadelphia, is trying a criminal case in Pottsville.

The Democrats, however, joined in a Republican amendment that would guarantee county libraries as much state aid as they now receive if they should decide not to come into the new program.

RURAL TAXES
Sen. Stanley G. Stroup, R-Bedford, heading up the Republican attack, said his amendments would eliminate the possibility of "dictatorial control."

Other Republicans expressed fears rural tax money would be siphoned off to finance libraries in urban centers.

The bill is designed to improve libraries throughout the state and establish them where none now exist. The state would reimburse libraries at a minimum rate of 25 cents for each person served.

Simpson Hurls 3-Hitter As Bullets Top Bucknell 6-2 For Fourth Straight

The Gettysburg College baseball team annexed its fourth straight win of the season as it downed Bucknell 6-2 Tuesday afternoon on the loser's field in a Middle Atlantic Conference game, behind the three-hit pitching of Bruce Simpson.

Simpson turned in one of the outstanding performances of his collegiate career. The big right-hander from Sunbury tossed a near perfect no-hit, no-run game for six straight innings before yielding to the power end of the Bison batting order in the bottom of the seventh. Up to that point, Simpson had retired 18 straight batters. One got on via a walk but was soon retired in a double play. Another batter took first by way of an infield miscue, but he was caught stealing second.

STRIKES OUT 11

Simpson allowed only three hits, including a double by pitcher Mike Kasnick, struck out 11 men and walked two. He receives credit for his second win in three decisions. Kasnick started on the mound for the Bisons but needed help from Dick Kiehn in the ninth and Steve Weems also in the ninth.

Gettysburg jumped to a quick 2-0 lead after the first frame. King Gore led off with a walk, Jack Norwood bounced into a fielder's choice, taking first. Ken Fruchter then drilled a line single to center driving in Norwood and Earl Little followed with another single to left sending Fruchter home.

The game turned into a real pitchers' battle for the next five innings. Bob Hulton's squad added two more runs in the top of the seventh, but the home team came up with its only two tallies in the bottom of the seventh. Sam Neisner drew a walk, Kasnick uncorked his double to right driving in Neisner and Ash Ditka lashed a single to left sending in Kasnick. Kasnick's hit was the first safety off Simpson. Gettysburg added two more security runs in the top of the ninth, but by this time the contest had been decided.

McIntire, Eller Head North-South Meet

PINEHURST, N.C. (AP) — Defending champion Barbara McIntire and Judy Eller, her foremost challenger, continued to head their respective halves in the North and South Amateur Golf Tournament final as quarterfinals came up today.

But trouble was brewing for both of the dark-haired charmers today and, if they win, Thursday too.

Miss McIntire, of Lake Park, Fla., met Mary Patton Janssen, Charlottesville, Va., swinger, in the first of today's four matches. Miss Eller, from Old Hickory, Tenn., was matched against Judy Bell of Wichita, Kan.

The McIntire-Janssen winner will play a semifinals match Thursday against today's Phyllis Preuss-Mrs. Alex Welsh match survivor.

The Eller-Bell victor will be paired against the winner of the match between Barbara Williams of Richmond, Calif., and Doris Phillips of Belleville, Ill.

BROWN BLASTS CHARNLEY IN LONDON FIGHT

By RONALD THOMSON

LONDON (AP) — Have crown, will travel, was lightweight champion Joe Brown's pledge today after whipping Dave Charnley in his record 10th title defense.

"I am ready to travel anywhere in the world to defend my crown," said the 35-year-old American with the elegant touch, who outpointed the British and European champion in 15 brilliant rounds before 18,000 at London's Earl's Court Stadium Tuesday night.

Even two sets of swollen knuckles and the actions of spectators who jeered the decision couldn't dampen the spirits of the Baton Rouge, La., Negro, who may pocket as much as \$50,000 from the bout.

BOOING AT FIGHT

He'll go anywhere to fight, he said, and that might mean the Philippines, where he has an offer to defend against either Flash Elorde or Bert Semodio.

The decision touched off an outburst of booing by many in the hometown crowd. Brawling broke out in some parts of the hall. A bottle conked one fan on the head. Police escorted referee Tommy Little, the sole official, from the ring through a line of jeering fans.

Brown shrugged off the demonstration.

"Man, you get to expect this kind of thing when you're fighting away from home," he said. "After all, this isn't Houston."

HAD THE CLASS

Most observers agreed that Brown had all the class and deserved the decision after leaving the blood-soaked Charnley with nothing but his fighting heart.

Brown, who stopped Charnley on cuts in five rounds in their first title bout in Houston 16 months ago, opened a cut on the bridge of the Briton's nose in the first round that bled freely the rest of the way. He fought back gamely in the last four rounds but Brown stayed in control.

EXPECT GLASSY FIELD IN 36TH KANSAS MEET

LAWRENCE, Kan. (AP) — Ralph Boston, Olympic champion and world record holder in the broad jump, heads a classy corps of field stars for the 36th Kansas Relays Friday and Saturday.

Boston, a lean Negro athlete from Tennessee A&M State, beat the oldest record in the world books — Jesse Owens' 26-8 1/4 in 1935 — with a leap of 26-11 1/4 in a pre-Olympic meet in California last August. He took out Owens' 1936 Olympic mark at 26-7 1/2 in the world games.

The entry of Boston and four other Tennessee A&M thinclads was announced Saturday by Bill Easton, KU track coach and relay director. Boston is entered in the high jump, high hurdles and 400 and 800 relays.

SHOT-PUT COMPETITION

Boston will go after the relays' broad jump record of 25-5 1/4 in preliminaries and finals of that event Friday.

Tightest competition in history of the relays is expected in the shot-put and discus although both records—59-7 1/2 and 178-1—are expected to hold fast.

Mike Lindsay, defending champion in the shot, has a putt of 58-10 1/2 this spring. But he will have to beat John Fry (58-10 1/2) and Buddy Tyner of Baylor and Jim Allison of Texas. Both Tyner and Allison are 56-footers.

Al Holcomb of Howard Payne, who won the Texas Relays at 169-3/4, heads the discus entries. The other good throwers include Fry (167-10 1/2), Russ Seitzinger, Hardin Simmons (164-3); Cloyd Webb, Iowa (160-7 1/2); Lindsay (168-3), and Walt Myers, Colorado (162).

records—59-7 1/2 and 178-1—are expected to hold.

HOUSTON, Tex. (AP) — A 3-under-par 277 would be a good bet for the winning score in the \$40,000 Houston Classic Golf Tournament.

Seven of the 14 previous titlists in the tournament that begins Thursday at Memorial Park have collected top money with 277s.

Robbie Williams, pro at the 7,122-yard municipal course, is among those picking a 277 to win, even though the old par 36-72 has been cut this year to 35-70.

Williams also says next Sunday's winner of the \$7,000 in top money probably will be Gary Player or Arnold Palmer, stars of the recent Masters tournament.

Palmer, the 1957 winner with a 279, has been installed as a 7-2 pre-tournament favorite. Player, who tied for fourth a year ago at 284, follows at 8-1.

Carlisle Wins 3-Way Meet With 8 Firsts; Cannors Second, Warriors Third

A well-balanced Carlisle High School track team ran off the honors in a triangular meet here Tuesday afternoon, Biglerville finishing second with the Gettysburg High Warriors trailing.

The defending South Penn Conference champions gained eight first places and amassed 73 points. Biglerville took first firsts and tallied 46 1/2 points while Gettysburg gained two wins and 37 1/2 points.

Carlisle had a pair of double winners in Bill Owens who took the 100 and 220-yard dashes and John Carns who took both hurdles events.

Individual winners for Biglerville included Pete Byerly, 880; Charles Kane, discus; Glenn Olmstead, javelin; Barry Trostel, high jump, and Bruce Parker, pole vault.

WARRIOR WINNERS

George Hayberger, Gettysburg's unbeaten broad jumper, took that event with a leap of 20 feet 7 1/2 inches. The other Warrior triumph was taken by Bill Ketterman who won the mile run in 4:57.6.

Cold weather and a biting northwest wind hampered all of the contestants.

All three schools will send squads to the Shippensburg State College Invitation meet on Saturday.

PURKEY LEADS CINCINNATI TO 4TH VICTORY

By JOE REICHLER

Associated Press Sports Writer
Bob Purkey apparently wasn't listening when Fred Hutchinson, the Cincinnati manager, declared at the season's start that the team's fate this year was in the hands of the young pitchers.

The veteran right-hander, who will be 31 in July, pitched his second straight victory Tuesday night, a 9-1 triumph over San Francisco, and boosted the Reds into first place in the National League.

It was Cincinnati's fourth success in six starts and Purkey's second complete game. The rest of the staff, which includes Jim O'Toole, Jay Hook, Jim Maloney and Joey Jay, all in their early 20s, have only one complete game among them.

HALF GAME LEAD

The Reds own a half game lead over the St. Louis Cardinals, Giants and Pittsburgh Pirates, all tied for second. Los Angeles dropped St. Louis out of a first-place tie with a 5-4 night victory over the Cards and Pittsburgh moved up by beating the Chicago Cubs 5-3 in the only game played in daylight. Rain washed out the Milwaukee-Philadelphia game with the Braves leading 3-1 at the end of an inning and a half.

Purkey, Cincinnati's leading pitcher last season with a 17-11 record, permitted the Giants only six hits and lost his bid for a shutout when Willie Mays led off the last of the seventh with his second home run of the season.

Wally Pate, Gene Freese and Gordon Coleman led a 10-hit attack on starter Billy Loos and two relievers. Pate got a double and two singles, Freese drove in three runs with a pair of singles and Coleman clouted a three-run homer, his second of the campaign.

DODGER HOMERS

Home runs by Frank Howard, Wally Moon and Johnny Roseboro accounted for the first four Dodger runs but the last winning tally, in the sixth, was unearned. Pitcher Roger Craig, who went 6-2-3 in his first start, opened the sixth with a single and moved to third when Bill White threw wild after fielding Maury Wills' sacrifice bunt. An infield out scored Craig.

Ken Boyer drove in two Cardinals runs with a pair of home runs. Stan Musial batted in the other two. Rookie left-hander Ron Perranoski preserved Craig's first triumph of the season, disposing of White with two out and the bases full in the eighth.

Perranoski retired the side in order in the ninth, fanning Boyer and Daryl Spencer, who drove in five runs on Monday. Al Cicotte, Card starter, was charged with his second loss.

The Pirates scored twice in the seventh to snap a 3-3 tie against the Cubs. Dick Stuart, who had driven in a run in the fifth with a triple, knocked in what proved to be the winning run with a single. A squeeze bunt furnished the extra run. Southpaw Vinegar Bend Mizell, with the help of Elroy Face, was credited with the victory as Pittsburgh opened its home season before 30,781 at Forbes Field.

Then it happened. Stuart socked a pitch by Dick Ellsworth off the 416-foot mark in left center to score Clemente and put the Pirates ahead 3-2.

"I hit a curve," he said. "I thought it was leaving the ball park so I slowed up as I rounded first base. It must have hit off the vines and dropped."

With the score 3-3 in the seventh, he drove in what proved the winning run with a single to right.

NETMEN BOW TO RIDER 6-3

After taking the first three matches, the Gettysburg College tennis team was stunned by the outstanding exhibition of tennis on the part of the last three Rider players as the New Jersey school captured a 6-3 decision Tuesday afternoon on the wet Gettysburg courts.

The Bullets, who dropped their third match of the season and 15th in a row over the last two years, got off on the right foot, but couldn't hold up. Rick Savage, Bob Gray and Wayne Streitz swept their matches without too much difficulty. The Bullets were unable to pick up a win after that and lost the last three singles and all three double matches.

Savage continued his winning streak in the number one spot, defeating Bert Singer, 6-2, 6-2, while Gray downed Larry Feldman 6-2, 6-3. Streitz came from behind to defeat Mike Van Glise 3-6, 6-3, 6-1.

Coach Larry Roller's squad will travel to Lancaster on Friday to tangle with the Diplomats of Franklin and Marshall.

The results:
Singles
Savage, G., defeated Singer, 6-2, 6-2; Gray, G., defeated Feldman, 6-2, 6-3; Streitz, G., defeated Van Glise, 3-6, 6-3, 6-1; Gareing, R., defeated Kitzmiller, 7-5, 6-4; Wachetel, R., defeated Akolekar, 6-2, 8-6; Stein, R., defeated Baughman, 6-3, 6-2.

Doubles
Singer and Van Glise, R., defeated Savage and Gray, 6-3, 6-2; Feldman and Gareing, R., defeated Streitz and Baughman, 6-1, 8-6; Wachetel and Stein, R., defeated Akolekar and Kellogg, 6-2, 6-2.

Major League Stars
Batting — Lennie Green, Twins, had four hits in four times at bat, scored the first run and sacrificed the second run into scoring position as the Twins nipped the Red Sox 3-2.

Pitching — Bob Purkey, Reds, hurled a six-inning defeating the Giants 9-1 for his second victory that boosted the Reds into first place in the National League.

To Hold 65th AA Marathon At Boston

BOSTON (AP) — Olavi Manninen is a 32 year old Finnish farmer who has percentage going for him in the 65th Boston AA Marathon today.

"Beware the second Finn" has become the watchword since the men of Suomi began double-teaming this 26-mile, 385 yard Patriot's Day classic in 1954. Manninen fits the description this time.

Previous winners Eino Oksanen (1959), Manninen's countryman, and Johnny Kelley (1957) along with Manninen, last year's runner-up Gordon McKenzie of the U.S. Olympic team and England's Fred Norris top the field.

Another 224 assorted athletes who have running shoes and a competitive zest have entered the pavement pounding grind which starts at high noon in suburban Hopkinton, Destination: Boston's Back Bay.

Every Finn but one who has made a second trip to the BAA run has won it.

MINNESOTA UPS LEAD TO 1 FULL GAME

By JOE REICHLER

Associated Press Sports Writer
It's too early to call Washington's move to Minnesota another "Milwaukee miracle." A comparison, however, with Boston's move to Wisconsin in 1953 is interesting.

The transplanted Senators, now the Twins, are faring much better than the Braves did at a corresponding date eight years ago.

No matter how they fare in Boston today, the transplanted Twins must go home to Minnesota Thursday with a winning record. In beating the Red Sox Tuesday 3-2, the Twins boosted their record to five victories in six starts and increased their first-place lead in the American League to a full game over the idle Cleveland Indians.

Perhaps the most encouraging thing about the Twins is that each day brings a different player in a starring role. Four shared that role Tuesday, including a couple of pitchers not named Camilo Pascual or Pedro Ramos.

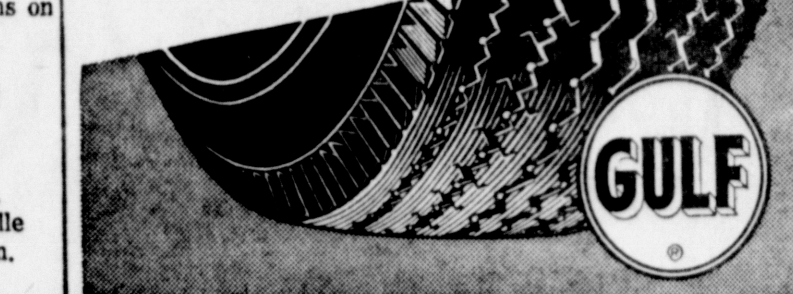

The pitchers who brought a gleam of joy to Manager Cookie Lavagetto's eyes were Jim Kaat, a 22-year-old southpaw making his first start of the season, and Bill Pelis, a rookie left-hander, only recently placed on the roster.

Kaat held the Red Sox to one hit until the eighth as his mates staked him to a 3-0 lead against right-hander Billy Muffett. When he weakened in the eighth, Cookie brought in Pelis, who squelched a Boston uprising and went on to hurl 1-2-3 innings of hitless ball.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

STILL MORE BRINKERHOFFS

The genealogical data on the fifth, sixth and seventh generations of the Brinkerhoff family, in this country, but, particularly as residents of the Low Dutch Settlement of the Conewago, in this county, is continued at this time.

Lucrétia (6) Brinkerhoff, the seventh child but first daughter of John (5) and Sarah Van Arsdal Brinkerhoff, was born February 12, 1804 — married David Shriver and lived at Hunterstown.

8. Jane (6) Brinkerhoff, the eighth child and second daughter of John (5) and Sarah (Van Arsdal) Brinkerhoff, was born November 11, 1806, and died April 11, 1882.

In the files of the old "Adams Centinel" (later the "Star and Sentinel"), under the dates given, the following data on the two daughters of John (5) Brinkerhoff can be found.

MARRIED IN 1827

8. Wednesday, April 11, 1827 — "Married, Thursday, April 5, 1827, by the Rev. David Eyster, of this County, Mr. David Shriver to Miss Lucrétia Brinkerhoff, the daughter of Mr. John Brinkerhoff, Esq., both of Strabane Township, this County."

Note:—In the burial ground of church is the grave of David Shriver. The inscription from the marker reads as follows:—

1. "In memory of David Shriver, Died October 4, 1871, Aged 68 years."

Jane Brinkerhoff, the wife of David Shriver, survived him by some eleven years and is very possibly buried beside him in an unmarked grave.

9. Monday, May 6, 1833 —

"Married, Thursday, May 2, 1833, by the Rev. James C. Watson, Mr. Archibald Love, of Frederick County, Maryland, to Miss Jane Brinkerhoff, the youngest daughter of John Brinkerhoff, Esq., of Strabane Township, Adams County, Pennsylvania."

REMAINED IN COUNTY

John (5) Brinkerhoff, the son of Joris (4) and Baeltie (Demorest) Brinkerhoff, remained in what is now Adams County, Pennsylvania, after the War of the American Revolution — at which time many other members of the colony sought new and untried frontiers. The grave of John (5) Brinkerhoff and his wife, Sarah Van Arsdal, can still be seen in the "Upper" Low Dutch Churchyard and the inscriptions from the grave-stones are as follows:—

6. "In memory of John Brinkerhoff, who departed this life May 13th 1838. Aged 79 years, 1 month and 7 days."

Note:—Monday, May 21, 1838—

"Died, May 13th, 1838, John Brinkerhoff, Esq., of Strabane Township, this County, in the 80th year of his age."

7. "In memory of Mrs. Sarah Brinkerhoff, wife of John Brinkerhoff, Died June 29, 1822. Aged 57 years, 3 months and 21 days."

MARRIED IN 1785

Note:—Sarah Van Arsdal was married to John Brinkerhoff on January 25, 1785, and they were the parents of eight children — six sons and two daughters.

Wednesday, July 3, 1822 —

1822. Mrs. — (Sarah Van Arsdal) Brinkerhoff, the wife of Mr. John Brinkerhoff, Esq., of Strabane Township, this County."

There are several other graves in the Brinkerhoff family plot, located in the "Upper" Low Dutch Churchyard, that should be listed in this outline of the family. The inscriptions from these markers are as follows:—

8. "In memory of Sarah Brinkerhoff, Died June 10, 1852. Aged 35 years, 9 months, and 6 days."

Note:—Adams Centinel, Monday, June 21, 1852—

"Died, June 10, 1852, Miss Sarah Brinkerhoff, the daughter of Mr. Gerrit Brinkerhoff, of Strabane Township, this County, aged 35 years, 9 months and 9 days."

GRAVES WELL MARKED

Both Garrett (6) Brinkerhoff and his first wife, Margaret Cassatt, are buried in this churchyard and the graves are well marked. There is a difference of some three days in the age of Sarah (7) Brinkerhoff as given in her obituary and the inscription on the tombstone. Who can say, at this late date, just which is correct?

9. "Sacred to the memory of Martha C. Brinkerhoff, Died April 6, 1852. Aged 32 years, 2 months, and 9 days."

Note:—Monday, April 19, 1852—

"Died, April 6, 1852, Miss Martha C. Brinkerhoff, the daughter of Mr. Gerrit Brinkerhoff, of Strabane Township, this County, aged 32 years, 2 months, and 23 days."

The above is self-explanatory—Martha C. Brinkerhoff was a sister of Jane Brinkerhoff, who is buried beside her, and the daughter of Garrett (6) and Margaret (Cassatt) Brinkerhoff.

10. "In memory of Eliza Brinkerhoff, Died March 8, 1888. Aged 69 years, 8 months and 9 days."

COMPLETES STUDY

Note:—Probably another daughter of Garrett (6) and Margaret (Cassatt) Brinkerhoff, who apparently outlived the other members of her family—but at her death was laid to rest in the old Dutch Reformed Churchyard where so many others of her clan had preceded her.

27 JAILED FOR PLOTTING TO KILL CASTRO

MIAMI, Fla. (AP)—Arrest of 27 persons accused of plotting to assassinate Prime Minister Fidel Castro was announced Tuesday by Cuban government radio in a broadcast heard here.

Among those held, the broadcast said, was Maj. Humberto Sori Marin, Castro's first minister of agriculture.

Sori Marin was shot and wounded while trying to flee, the radio broadcast added. He was taken to a hospital.

The others, including nine women, are being held for trial by a revolutionary tribunal.

Among them, it was announced, was an American, Rafael Diaz Ottman.

Castro forces seized a large quantity of "arms from Key West" on making the arrests, the broadcast said. Key West, Fla., is 90 miles from Havana.

HAD "USE MONEY"

Also taken from those arrested were substantial sums of American money, the radio asserted. The radio also reported that eight terrorists were executed by a firing squad early today in La Cabana prison fortress.

Sori Marin was one of Castro's most trusted lieutenants during the revolt against ousted President Fulgencio Batista. During the fighting in the Sierra Maestra, he helped draft many of Castro's proclamations.

After the successful revolt against Batista, Sori Marin, a lawyer by profession, was named to oversee the first military tribunal. Later, he was named minister of agriculture.

Early in 1960, reports in Miami said, Sori Marin indicated disenchantment with the Castro government and was relegated to a minor position.

Some modern pewter is lacquered and should not be cleaned with an abrasive.

This concludes the study of the marked and unmarked graves of the Brinkerhoff family in both of the Dutch Reformed Church Graveyards in this county — but — there are still a few items in the files of the "Adams Centinel" that should be included, because of their genealogical value, before these notes can be considered even partially complete.

In this column next week notes on the Brinkerhoff family from the files of the "Adams Centinel" (later the "Star and Sentinel") will conclude this study of the Brinkerhoffs, after which other families interred in the "Dutch Graveyards" will be taken into consideration.

PRESENTS BILL TO CREATE NEW DEPARTMENT

WASHINGTON (AP) — Sen. Joseph S. Clark, D-Pa., has introduced an administration bill to create a Department of Urban Affairs and Housing—a step President Kennedy was expected to propose in a message.

Clark told his colleagues the bill would create the new department as recommended by the President "in his message transmitted to the Congress today."

At that time, the message hadn't been transmitted.

Clark, a former mayor of Philadelphia, said he had been authorized by Kennedy "to act as the principal Senate sponsor of this bill, because I am among its earlier advocates."

OTHERS JOIN CLARK

He added that when he was mayor he has urged such a department in meetings of the American Municipal Association and the United States Conference of Mayors.

Clark was joined in sponsoring the bill by Sen. Hubert H. Humphrey, D-Minn., assistant Senate majority leader, and a onetime mayor of Minneapolis. Other sponsors were Sens. Harrison A. Williams Jr., D-N. J., Benjamin A. Smith II, D-Mass., and Claiborne Pell, D-R. I. Smith is a former mayor of Gloucester, Mass.

The department would have Cabinet rank, a status advocated by big city mayors who want their problems considered at the same level as those affecting business, labor and farmers.

PLANS ARE CHANGED

An administration measure on the subject had been scheduled to go to Congress Monday but was put off, possibly to iron out differences as to whether mass transit and land purchase programs should be placed in the new department. The White House offered no reason for the postponement.

Some opposition could develop if Kennedy fulfills widespread speculation and picks Robert C. Weaver, housing administrator, to head the department. In his present post, Weaver holds the highest federal office in which a Negro has served. He has urged equal opportunities, regardless of race, in all federally-supported housing ventures.

Dimeling Hotel Changes Hands

CLEARFIELD, Pa. (AP)—The seven-story Dimeling Hotel in Clearfield, operated for 35 years by E. S. Shuck, has been sold to Jack Grossman and Richard T. Blatt of Punxsutawney for an undisclosed sum.

Grossman and Blatt, who have operated the Punxsutawney Hotel for 15 years, will assume ownership of the 150-room Dimeling May 1. The Dimeling was opened in 1906.

Announcement of the sale last Friday ended speculation that Shuck might sell the hotel to the Central Pennsylvania Conference of the Methodist Church. The conference voted last June to purchase the hotel for use as a home for the aged.

The proposal was opposed by various citizens and business interests in Clearfield.

Shuck will continue to operate a motel here which was not included in the Dimeling transaction.

TO REINSPECT MANY SCHOOLS

HARRISBURG (AP)—The state Bureau of Inspection said Tuesday a series of re-inspections of about 750 schools in Pennsylvania that have not complied with building and safety regulations is under way.

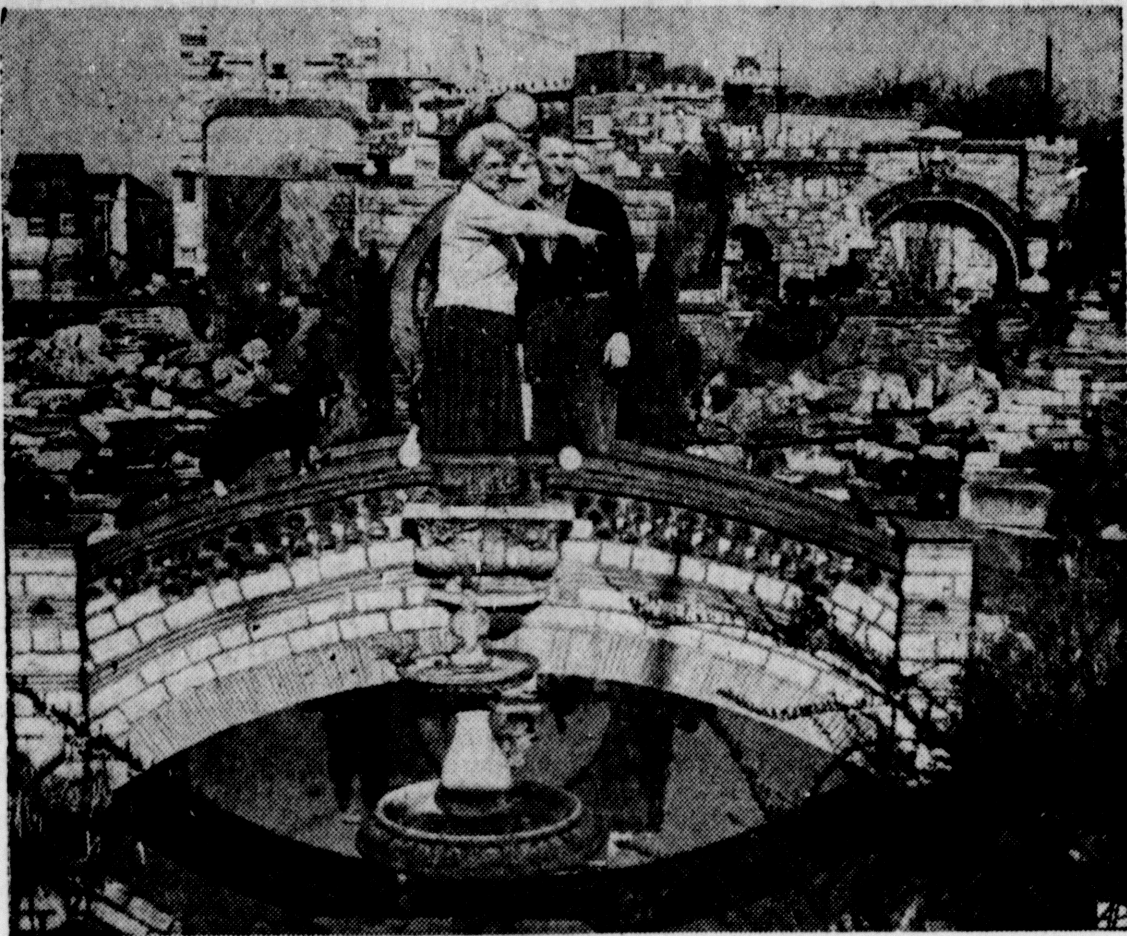

Director John F. Dwyer said his inspectors were re-visiting schools which previously had been informed that fire and safety precautions were inadequate.

The bureau, which operates in the Department of Labor and Industry, had informed the school administrators that institutions which failed to meet requirements would not be permitted to reopen in September.

The current round of inspections, made to determine if compliance has been made or started, will be the last, Dwyer said, before closure orders are issued.

Dwyer said that since this inspection program began in January 1959, his agents have visited 5,700 public schools, and 1,585 parochial schools. Most of them, he said, have complied with regulations or set up improvement programs through the state Industrial Board. He said, however, there are about 750 which have made no move toward compliance.

Pinball Machines Destroyed By Court

EBENSBURG, Pa. (AP)—Acting on a State Supreme Court ruling that outlawed multiple coin pinball machines, three Cambria County judges Monday ordered the destruction of 161 pinball machines and 120 pinball machine parts.

Police seized the machines in February, 1960, at a building in Gallitzin owned by Frank Salvaggio, a former Gallitzin councilman.

Dist. Atty. Ferdinand F. Bionaz asked the court for permission to have the machines dismantled and the parts given to college and schools for laboratory and research work. He said he has had a number of requests for the parts. The court did not immediately act on his request.

End Walkout But Drivers Balk Work

PITTSBURGH (AP) — About 40 striking mechanics of the Yellow Cab Co. in Pittsburgh voted to end their walkout Monday, but were unable to return to work because the firm's 1,100 drivers are still on strike.

NEW TOPICS OF "SCIENTIFIC" SIGNIFICANCE

By THE ASSOCIATED PRESS
Exploding stars, raindrops and the pulse of a volcano are topics of scientific news:

COOKED WORDS?

Astronomers recently detected two nova—two stars which suddenly exploded in glowing light and heat and other energy. A nova later subsides to its former faintness.

But the sudden, rapid expansion could well have burned or cooked any nearby planets and all their living things or "people."

Mr. and Mrs. Emmanuel Altland, Harrisburg St., spent the weekend at Washington, D. C. They attended a banquet of the Ford Motor Company 300-500 Club held at the Statler-Hilton Hotel.

Mr. and Mrs. Fred Diehl and family, Bedford County, visited friends in the East Berlin area Sunday. Mrs. Diehl is the former Miss Irene Sinner, East Berlin.

VFW members and auxiliary members are invited to a dinner-show-dance Saturday at 7:30 p.m. A reservation card must be returned in order to have a reservation and the price is \$1.50 each.

Firing squad practice will be held Sunday, April 23, at 2 o'clock in preparation for the Memorial Day parade. The VFW and Auxiliary members who made their annual visit to the 123 patients at the Samuel Dixon State Hospital, South Mountain, were Mr. and Mrs. Earl Stambaugh, Mrs. Mary Louise Sloan, Mrs. Russell Fissel, Mr. and Mrs. Harry Rudisill and Mr. and Mrs. Melvin Baker. They distributed 143 boxes of stationery and postage stamps amounting to \$46.

The Boy Scout troop committee, Cub pack committee and parents held a joint meeting recently at the VFW post home. It was decided to participate in the annual sustaining fund drive for Scouts of the York-Adams area.

Warren Frey was elected president of the Kraltown PTA. Others elected were Earl Gouse, vice president; Mrs. John Anderson, secretary, and Mrs. Richard Chronister, re-elected treasurer.

Mrs. Helen Snyder, First Grade teacher, spoke on "We Are Concerned About Our Child's First Day of School." The meeting was held in the school's all-purpose room, East Berlin R. 1.

Whether this happened in the case of the two stars can only be a matter of speculation, since no one can know if they ever had planets. The novae were detected by Drs. Jason J. Nassau and Charles B. Stephenson of Case Institute of Technology.

READY TO BLOW

Taking the pulse of a volcano, experts predict that Kilauea volcano in Hawaii is building up to another major eruption.

It has been re-inflating itself with magma or molten material from deep in the earth. Another sign is swarms of tiny, shallow earthquakes similar to those preceding major eruptions in 1953 and 1960.

But the exact date for an eruption cannot be foretold, say scientists at the Geological Survey Hawaiian Volcano Observatory.

The biggest raindrops usually fall at the start of a storm. Winds are the main reason. The larger drops are less affected by winds, hence fall more vertically, while smaller drops are blown out of vertical path, explain Prof. A. Nelson Dingle and Kenneth R. Hardy, University of Michigan Meteorological Laboratory.

They add it takes about a million cloud droplets of average size to form one raindrop.

Watching color TV is usually easier on a person's eyes than a black and white screen, says the Vision Conservation Institute.

But color TV helps spot some eye troubles which might otherwise pass unnoticed. For example, far-sighted persons usually can see blues and greens more clearly than red colors, and a blurring or distortion while viewing red colors could signal the need for an eye examination.

Four Inches Of Snow In Somerset

SOMERSET, Pa. (AP)—Somerset County received three to four inches of snow Monday night and early Tuesday, the highest accumulation reported in the state.

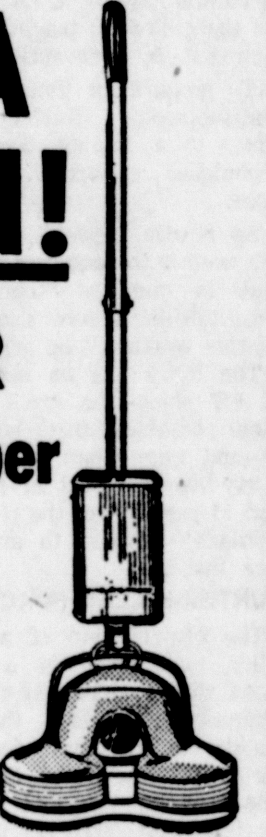

State police said roads were slippery, but there were no serious traffic accidents.

Snow fell all along the Pennsylvania Turnpike with the exception of the stretch from Bedford to the Willow Hill Interchange.

For the most part, the highway was merely dampened by light snow flurries. But between the New Stanton Interchange and Bedford, an accumulation of slush forced plowing and cindering.

Navy Has Lethal Weapons, Will Have More To Meet Reds

Editors: This is the second of two articles dealing with the threat of Communist submarines.

By FRED S. HOFFMAN

WASHINGTON (AP) — Radio-controlled drone helicopters armed with homing torpedoes. Search devices that can bounce a sub-seeking signal off the ocean floor. Missiles able to kill nuclear submarines at ranges up to about eight miles.

These are a few of the detection instruments and weapons, some with a lethal atomic punch, which the Navy says it can use—or soon will have ready—if called on to repel the Communist world's 450-submarine force.

Rear Adm. Lloyd M. Mustin, head man in Navy Antisubmarine Warfare (ASW), claims U. S. antisub capability is very good. He says there are some new "dramatic" means still cloaked in secrecy.

QUALITY IS ADEQUATE

The admiral contends "the quality of this equipment is more than adequate" to deal with the greatly increased problem that will develop when the Soviets add a sizable number of nuclear craft to their already potent sub fleet powered by conventional fuels.

To prepare for that day, U. S. Antisubmarine Warfare teams have been testing hunt-and-kill techniques against U. S. atomic subs.

As Mustin views it, the pressing need is to acquire a new ASW tools in quantity—"there is no substitute for numbers in antisubmarine warfare," he argues.

The Navy has an active fleet of 817 ships—the great bulk of them remaining from World War II—and more than 6,900 planes. Forty-five per cent of the ships and 14 per cent of the planes are primarily devoted to antisubmarine tasks.

HUNTER-KILLER FORCE

The control ship of a hunter-killer task force is a carrier fitted with complicated electronic equipment enabling the commander to coordinate and direct the attack. The United States has nine ASW carriers and 14 attack carriers that can be used for operations against subs.

Joining in the hunt are twin-engine carrier-borne tracker planes which can search thousands of square miles of open sea, watching for telltale signs of a snorkel poking above the waves or dropping sonar buoys to detect the sounds of subs running submerged.

Also brought into play are helicopters, often operating in teams of two. Navy experts say one chopper can locate a lurking sub by means of a sonar ball dipped through sound-distorting temperature variations in the water, while the other moves in with a depth charge or torpedo.

HIGH-SPEED DESTROYERS

The real work horses are high-speed destroyers with long-range sonar and a variety of torpedoes and depth charges, some rocket-fired for greater range.

The Navy has high hopes for a new turbine-powered drone helicopter called Dash (for destroyer antisub helicopter). This small chopper can be sent out after a fix is obtained on a sub and ordered by radio to drop a pattern of torpedoes on the quarry. It can carry 1,000 pounds of payload.

The first of this model are due to fly this summer.

Then there is ASROC, which is a four-part system including underwater sonar, an electronic fire control computer, an eight-missile launcher and the solid-fuel missiles themselves.

TO ARM 150 SHIPS

A total of 150 ships is due to be armed with ASROC systems within the next few years.

Another powerful weapon, still in development, is the SUBROC, a guided missile designed to be fired from torpedo tubes of a submerged submarine, or from the surface. It travels through the air to re-enter the water for the kill.

Now in use is the "Betty," an airborne atomic depth charge with a kill potential up to several miles from the point of detonation. The Navy says it virtually can eliminate wolf pack concentrations of submarines, like those used by the Germans in World War II.

NAVY TO STRUT FOR KENNEDY

WASHINGTON (AP) — The Navy will flex its muscles this weekend for President Kennedy.

A variety of day and night activities will be carried out in exercises off Jacksonville, Fla., Saturday and Sunday, with Kennedy, an old Navy man himself, watching from the carrier Independence.

Kennedy will board the communications ship Northampton shortly before noon Saturday at Mayport, Fla., after flying down by jet plane from Washington.

The Northampton will then go to sea to join the Independence and Kennedy will be transferred to the big carrier by helicopter.

The President will leave the carrier Sunday after attending shipboard mass. He will fly by helicopter to a country club on shore for an afternoon of relaxation before flying back to Washington late in the day.

The maneuver area is many miles from the approaches to troubled Cuba.

Just 'A Comedy Of Errors,' Council Says

APOLLO, Pa. (AP) — Some grade school boys in this Western Pennsylvania community have learned that adult justice isn't all it's cracked up to be.

They wanted to build a shack. A priest at St. James Roman Church told them it was all right for them to build the shack on a vacant lot owned by the church. The priest suggested — with tongue-in-cheek — that they should get a building permit.

The boys went and got the permit. They paid a dollar for it. Construction started. In almost no time at all, a complaint was made to police because of the noise.

Police arrived. They told the boys to rip down the shack. The youngsters produced the permit. The surprised police scratched their heads and went into a huddle. The decision — permit or no permit, the shack has to go. Reluctantly, the boys tore apart

Select Ump's For Eastern League

WILLIAMSPORT, Pa. (AP) — Eastern Baseball League Tuesday announced a six-man umpiring staff for the 1961 season.

President Rankin Johnson named Ernie Gigliello of Portage, Pa., to a newly-created post as supervisor of umpires. A 12-year veteran in the league, Gigliello also will continue daily work on the field.

The other holdover is Bernie Gallagher of Freemansburg, Pa.

New to the league are Bill Mallesky of DuBois, Pa.; Frank Peterson of Apollo, Pa.; John Grimley of Wilson, N.C., and Jack Collins of East Providence, R. I. Mallesky was in the Triple A Pacific Coast League last year, while the others came to the Class A Eastern from the Class C Northern League.

Dick Powers, Ted Lopat and Tom Ravashierre from last year's staff were sold to the International League while Dick Liferi was released.

In the season opener Friday Binghamton, N. Y., is at Springfield, Mass.; Lancaster at Reading and Johnstown at Williamsport.

New Lights Will Hurt Observatory

SAN JOSE, Calif. (AP) — Better lighting for downtown San Jose may be a bright idea but Dr. A. E. Whitford takes a dim view of it.

In a letter to the Downtown Merchants Association, Dr. Whitford

complained that the new lights would hurt the work of the Lick Observatory, which is located on Mount Hamilton, N. Y., is at Springfield, Mass.; Lancaster at Reading and Johnstown at Williamsport.

The matter apparently ended Monday night at a meeting of the Apollo council. A man appeared at the meeting and demanded the boys receive an apology.

The council said the whole thing was a mistake and called it a "comedy of errors."

Legislators Divided On Handling Educational Bill

HARRISBURG (AP) — Democrats and Republicans were at odds over how the legislature should undertake action on the report of Gov. Lawrence's Education Committee.

Senate Majority Leader Charles R. Weiner, a Philadelphia Democrat, said he thought key business before the assembly could be disposed of by May 15 and then work could get started on implementing an education program.

In the meantime, he said a proposed bipartisan committee of the Senate and House could be studying the committee's 145 recommendations for improving public education in Pennsylvania in the 1960s.

DIFFERENT VIEW

"That is just what should be avoided," Senate Minority Leader

James S. Berger, R-Potter, said. "The members of any such committee would be too busy with the matters before us now to give any weighty consideration to the education report."

Berger reiterated his view that the way to approach the problem was to wind up other business as soon as possible go ahead with a study, and then act on recommendations at a special session later.

"I don't see any sense in that—it's too expensive to have a special session," Weiner said of Berger's idea. "We should get at this while we are here in session, not later."

Weiner made it clear there was not unanimity among Democratic leaders either. In response to a question, he said he disagreed with House Speaker H. G. Andrews, D-Cambria, that the General Assembly should recess for two months and then return to take up education.

Meantime, House Majority Leader Stephen McCann, D-Greene, prepared a resolution calling for appointment of a bipartisan House

committee on education. Weiner proposed a similar resolution Tuesday. It was referred to the Senate Rules Committee.

Berger said he wasn't sold yet on the idea of a bipartisan committee which was initially advanced by Lawrence in a speech on education before a joint session April 10. The final decision, Berger added, was up to the GOP caucus.

MEANS HIGHER COSTS

"Republicans definitely would want to be represented on the committee if it's set up," said Berger. "But I'm not entirely convinced it wouldn't be wiser to refer the education matter to standing committees."

The governor's committee called for doubling state-local spending on public education in the next decade.

Radar—House Democrats scheduled a caucus during the day amid persistent talk that the administration's radar bill may be in trouble. The measure, keystone of Lawrence's road safety program, got by the Senate after a battle, but it has been in the House for several weeks.

Legislators' Pay-Pension — The House Tuesday passed and sent to the Senate bills that would give lawmakers an immediate \$3,000 expense allowance on top of their

\$6,000 salary and increase their pension benefits 50 per cent.

Billboard Control — The Senate approved and sent to Gov. Lawrence legislation to prohibit billboards within 660 feet of Pennsylvania's federal interstate highways. Lawrence was expected to give it quick approval.

Libraries—The administration's plan for a statewide system of state-aided libraries appeared to be headed for a Senate-House conference committee.

Republicans inserted eight separate amendments to the House-passed measure in the Senate on Tuesday. The bill was in position for a final vote today. If approved, it will have to go back to the Democratic-controlled House for agreement in the amendments.

Weiner claimed the amendments "ripped the bill to pieces."

NEW YORK (AP) — Veteran Actor Lee Tracy pays most attention to applause — before he goes on stage.

"You can learn a lot about the mood of an audience by listening to their reactions to scenes before you go on," says the veteran actor who has been appearing in the long run comedy hit, "The Best Man."

"Applause that comes after the performance," he adds, "just means you weren't too lousy."

Fined On False Income Tax Refunds

PADUCAH, Ky. (AP) — Seven inmates or former inmates of Kentucky State Penitentiary who had pleaded guilty to falsely claiming income tax refunds while in prison were sentenced in federal court Monday.

Five were fined \$100 each and probated for a year and a day on condition they repay the government; another was fined \$250 and probated for a year and a day, and the seventh got two years in prison.

STAFF BRANCHES OUT

NEW YORK (AP) — Employees of Broadway Producer David Merrick are branching out on their own in off-Broadway experimental projects.

Virginia Shaw and Elizabeth Raynor, two members of his staff, have teamed to present a pair of new and brief Scandinavian plays, "The Galloways Man," by Runar Schildt, and "Mr. Sleeman is Coming," by Hjalmar Bergman.

Earlier this season, Michael Shurtleff, Merrick's casting director, scored as the author of "Call Me By My Rightful Name."

THE DRIVER'S SEAT

When news is made on the highway, it's generally tragic. However, the antics of motorists sometimes may have a humorous side. Here are some outstanding examples of humor on the highway:

A motorist in Houston, Texas, collected 114 parking tickets before the law caught up with him. A man of principle, he requested a separate trial for each of the tickets. The court granted his wish and he will be tried once a week. The final trial—provided he collects no other tickets in meantime—will be held in April, 1963.

A Jacksonville, Fla., auto dealer kicked off a big sales campaign with a newspaper ad that read, "Look for it! Something big is going to happen!" A few hours after the ad appeared the entire ceiling of his showroom collapsed on his new cars.

An irate motorist in London called the police to demand they remove an elephant blocking a parking space. Police found the animal, carrying a sign advertising a circus, in the parking space, all right. But, he was parked correctly. The meter had the proper currency and time was still left on the dial. The officers decided the motorist was parked legally. The motorist had to seek another parking place.

A three-year-old in Stephens-

ville, Tex., was sued for damages by a woman who charged, "The defendant, who was on his tricycle, gathered a full head of steam and, without a warning yell of any nature, propelled his tricycle with great force into the body of the complainant."

A Philadelphia man, charged with being drunk at the scene of an accident, earned dismissal when he explained that he wasn't drunk at the time of the accident, but it took so long for the police to arrive that he went into a saloon to warm up.

A driver in Lodi, Calif., was arrested for driving without a license. Investigation revealed he'd never had a license and probably never could get one. He is receiving a state pension for the blind.

A man in New Hampshire refused to take his wife for a Sunday drive because weekend traffic was too dangerous. As they sat in their living room watching television, a car crashed through the wall.

A television cameraman in Ionia, Mich., was assigned to film the activities of a policeman during his first day on duty. The first official act he filmed occurred when she hung a parking ticket on his car.

PITTSBURGH (AP) — George A. Somarindych will resign as vice president and advertising director of the Pittsburgh Post-Gazette on May 21.

William Block, the morning daily's president and publisher, said Angelo DiBernardo, the paper's retail advertising manager, will succeed Somarindych.

LEGISLATORS APPROVE MORE COMPENSATION

HARRISBURG (AP)—The legis-

lators' program to increase their compensation and pension bene-

fits by 50 per cent has been ap-

proved by the House.

The whole package of six bills and one resolution now goes to the Senate for further action.

The package was rolled methodically to a vote and approved Tuesday without debate until the final piece, the bill to give each legislator a \$3,000 expense allowance immediately in addition to his regular \$6,000 annual salary.

Rep. E. J. Farabaugh, D-Cambria, advised his colleagues: "I think it's about time the members in both houses start to thinking of the people they represent . . . and stop thinking simply of financial gains."

But the expense account bill was approved, 148-52, with 37 Republicans and 13 other Democrats supporting Farabaugh's position. The proposal would cost about \$780,000 a year for 260 legislators. There now are four vacancies, to be filled at the May 16 primary. The first half of the expense allowance would be due by May 31. The rest would be paid in regular monthly installments.

LEGISLATORS APPROVE MORE COMPENSATION

HARRISBURG (AP)—The legis-

lators' program to increase their compensation and pension bene-

The whole package of six bills and one resolution now goes to the Senate for further action.

The package was rolled methodically to a vote and approved Tuesday without debate until the final piece, the bill to give each legislator a \$3,000 expense allowance immediately in addition to his regular \$6,000 annual salary.

Rep. E. J. Farabaugh, D-Cambria, advised his colleagues: "I think it's about time the members in both houses start to thinking of the people they represent . . . and stop thinking simply of financial gains."

But the expense account bill was approved, 148-52, with 37 Republicans and 13 other Democrats supporting Farabaugh's position. The proposal would cost about \$780,000 a year for 260 legislators. There now are four vacancies, to be filled at the May 16 primary. The first half of the expense allowance would be due by May 31. The rest would be paid in regular monthly installments.

The pension program would cost an estimated \$126,500 a year. But participation in that plan would be optional and any member choosing it would have to match the

state contribution.

Both floor leaders supported the package.

Democratic leader Stephen McCann compared a Pennsylvania legislator's pay with that of New York and California, which are higher. New York now pays its legislators \$10,000 a year and that will go up to \$12,500 for the next group. California pays a series of fringe benefits such as telephone and postage allowances and the like that raises its average legislative compensation, McCann said, to \$12-\$15,000.

GOP Floor Leader Albert W. Johnson supported McCann's position, commenting that: "The modern day General Assembly of Pennsylvania is virtually a full-time job and in the future it's going to get worse."

Johnson cited a long list of extracurricular chores a legislator is called upon to do and concluded: "I say the members of this General Assembly are entitled to a decent compensation for the work they do."

NEXT FIGHT TO BE IMPORTANT FOR JOHNSON

By RALPH BERINSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP)—Harold Johnson's first defense of his National Boxing Association light heavyweight title looms more important every day to the money-starved Philadelphian.

The 32-year-old veteran of some 14 lean fistic years defends April 24 against Von Clay, a comparative youngster of three years as a pro fighter. The fight is slated for 15 rounds at the arena.

Johnson, who won the NBA ver-

prentices under the auspices of the U. S. Department of Labor Bureau of Apprenticeship and Training since 1955.

Presentation of the certificate of completion of apprenticeship was witnessed by James D. Divelbiss, York, field representative of the Bureau of Apprenticeship and Training, U. S. Department of Labor.

sion of the 175-pound title by knocking out Jesse Bowdry at Miami Beach last February, could be on the threshold of universal recognition. If he beats Clay, this is what could happen.

MOORE, RINALDI JUNE 10

Archie Moore, recognized as the light heavy champ in New York and Massachusetts, is scheduled to defend against Gulio Rinaldi in New York June 10. The catch, however, is that the promoters do not think Old Arch can make the weight.

They are so worried that they contacted Pat Oliveri, manager of Johnson, and asked if the NBA king would be a standby if Moore doesn't make the weight. Oliveri says he's agreeable, "if."

Oliveri's "if" is that if Johnson beats Clay and stands in for Moore, he get the same contract as Moore, a reported \$100,000

Two Colonels Get Rank Of General

HARRISBURG (AP)—The promotion of two National Guard colonels to the rank of brigadier general was unanimously approved Tuesday by the Senate.

The new generals are Arthur D. Bertolotti, Paoli, Chester County, and Herbert A. Vernet Jr., Hershey.

Also confirmed without dissent were these appointments made by Gov. Lawrence:

Brandywine Battlefield Park Commission—Frank J. O'Brien, West Chester.

Pennsylvania Soldiers' and Sail-

guarantee against 40 per cent of receipts, and just as important, recognition in New York as the light heavyweight king.

NOT WORRIED

Oliveri says he isn't worried about the first if—beating Clay. "The first mistake he (Clay) makes he's out," asserts the manager.

Johnson, who has to do the fighting, isn't as blunt. "I'll be trying for a knockout, but I'm training to go 15 rounds," says the superbly built fighter.

Bill Asks Free Use Of Road To Woman

HARRISBURG (AP)—A special bill—a rare legislative procedure—was submitted to the House Tuesday to grant to a Fulton County woman the free use of the forestry road in Cowans Gap State Park.

The park cuts off access to her land.

The beneficiary of the rare legislative procedure would be Fran-

ces Baughman. Reps. Enos H. Horst, R-Franklin, and Harry M. Elvey, R-Fulton, cosponsored the bill.

The state constitution prohibits special legislation unless a notice is published in newspapers of general circulation in the area involved.

Notice of the bill was published during March in two Fulton County weeklies.

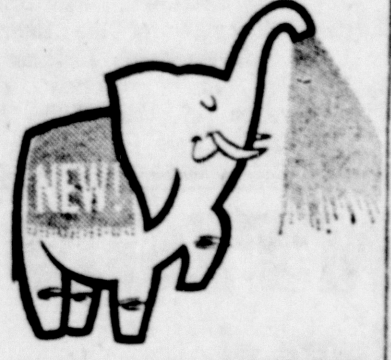

KING OF PRUSSIA, Pa. (AP)—Cheryl Fox, 4, darted into the street from behind a parked moving van Tuesday and was killed by a car, police said.

GOP STARTS TO PICK UP PIECES OF '60 DEFEAT

By JACK BELL

WASHINGTON (AP) — Republicans gave some signs today they are beginning to pick up the pieces of their presidential election defeat and fit together a new pattern of unity.

An invitation for Richard M. Nixon to confer with GOP congressional leaders Thursday was interpreted generally as signaling a decline in criticism by many Republicans of the former vice president for losing the election.

Senate liberals expressed satisfaction over a pledge their views will be heard before the weekly "Ev and Charlie" television program is put on by Senate Republican Leader Everett M. Dirksen of Illinois and House GOP Leader Charles A. Halleck of Indiana.

Chairman Thruston B. Morton told Republican National Committee members they are going to get the opportunity to pick their own head man as his successor. The committee dutifully elected the men former President Dwight D. Eisenhower tapped when he occupied the White House.

Morton said he expects the party's executive committee, meeting here Friday, to come up with a formula for a nominating committee of sorts. The chairman has declined to name such a committee himself or to recommend a successor.

Because some committee members have been grumbling against any effort to handpick a new chairman, the executive group may set up a committee on a geographical basis to list several names that might be voted on at a June 2 session of the national committee.

THREE NEW NAMES

In this connection, three new names have been tossed into the speculation over Morton's successor. They are Walter Williams, former undersecretary of commerce and a 1952 Citizens-for-Eisenhower official; former Secretary of Interior Fred Seaton, and former Postmaster General Arthur Summerfield.

However, Rep. William E. Miller of New York, chairman of the Republican Congressional Campaign Committee, still is looked upon as the most likely choice to succeed Morton.

The surface units of a range should be wiped off at least once each day; some homemakers wipe them off after any meal for which any large amount of cooking has been done.

GIVE DETAILS OF RED'S TRIP AS "PIONEER"

By PRESTON GROVER

MOSCOW (AP)—Yuri Gagarin went to bed early last Tuesday night with the leisurely air of a man "going on a fishing trip" at dawn.

The next morning he was blasted off in man's pioneer flight into space.

The official Soviet news agency Tass gave the first details of the scene at the secret launching site just before the young air force major took off to become the world's first astronaut.

Gagarin was ordered to sleep 10 hours.

"Everybody was surprised how quickly he fell asleep—as if in the morning he was to go, not into space, but on a fishing trip or to a basketball match with his comrades," the news agency related.

DOES HIS EXERCISE

"When they woke him he was fresh and cheerful. Springing out of bed, the cosmonaut did the usual morning setting-up exercises."

People came to his room to help him into his spacesuit. The garment was designed to keep the Soviet pilot "warm and comfortable and to shield his body reliably from all harmful factors of outer space."

Tass went on to paint the setting last Wednesday morning as the spaceship stood on its launchers at the launching pad.

"Engineers, scientists and workers have already gathered at the foot of the giant spaceship. This is not the first time that this team has sent giant ships into space from this pad. But this is a special day. For the first time man will go into space," Tass said.

WAVES TO FRIENDS
"Everything is ready for the take-off. Yuri Gagarin steps into the lift which will whisk him to the top of the giant rocket where the cosmonaut's cabin is located."

"In this lift Yuri Gagarin rides high above the earth, and the eyes of all those who stand around the magnificent ship are on him. The lift has stopped and Yuri Gagarin lingers for a moment to wave to his friends and comrades far below."

"Raising his hands, Yuri Gagarin sends greetings to those who created this mighty vehicle," Tass continued. "The last seconds of the count-down and the giant spaceship, out of a cloud of fire,

CRITIC SAYS NBC DRAMA TOO STATIC, TALKY

By CYNTHIA LOWRY

NEW YORK (AP)—"Cry Vengeance," Tuesday night's NBC drama special, gave the performers a chance to pull out all the acting stops. But it was a self-conscious, static and talky playlet.

It was an account of the last days of a Sicilian Robin Hood who has come to believe his murders are "executions" and that his idea of justice is above law and religion.

The central figure of the drama is the bandit's friend and follower. The story is that of the boy's disillusionment, his gradual realization that the man he admires is evil.

VERY CONFUSING

But all this was confused by arty flashbacks, symbolic nightmares and lots of shouting and heavy breathing. With Ben Gazzara giving his all as the bandit and Sal Mineo, playing his friend, suffering like crazy from beginning to end, I kept feeling something very important must be eluding me.

One overnight rating service estimates that there were about 36 million viewers watching the first half-hour of Monday night's Oscar awards ceremonies — a higher number than watched last year.

SOMETHING WENT WRONG

Something always goes wrong at some point on Hollywood's big night. This year, there were a ghastly few minutes immediately after the ceremonies when actor Wendell Corey and a pretty blonde girl—unknown to this viewer — were waiting in the "press room" to interview the winners. The winners never did show up, and the would-be interviewers stammered, and tried to make conversation while looking desperately beyond the camera for rescuers — who never came.

ABC's news department had a carefully prepared documentary on Cuba ready for showing Tuesday night—another "Close-up." But it was caught short by the explosion of revolution which immediately made their program hopelessly out of date. The staff worked round the clock trying to update the material.

Recommended tonight: Steel Hour, CBS, 10-11 (EST)—"The Shame of Paula Marsten," with Anne Baxter and Gene Raymond.

From an early American cookbook: "Few people know how to keep the flavor of sweet majaram; the best of all herbs for broth, and stuffing. It should be gathered in bud or blossom and dried in a tin-kitchen at a moderate distance from the fire; when dry it should be immediately rubbed, sifted and corked up in a bottle carefully."

soars to the stars."

Izvestia published five pictures Friday night showing Gagarin suited up and ready to go, aboard a bus going to his spaceship, riding the lift, raising his hands in farewell and the spaceship climbing through the billows of the blastoff.

This same man was the greatest hero of the Communist world as he looked out at the multitudes in Red Square Friday—27 years old, just over five feet tall, square and trim in his uniform, closely cropped brown hair topping his light blue eyes and trim features.

He had the same poised, confident, easy manner and unusual calm that he displayed before his epic flight.

OUT OF THE MONEY

ST. PETERSBURG, Fla. (AP)

—Despite a bad hand, Bob Rosburg, 1959 PGA champion shot 68, 71, 68, 69 and finished one shot too many to get any money in the St. Petersburg Open. However, he had some select company.

Also out of the money were Mike Souchak, Tommy Bolt, Cary Middlecoff and Dow Finsterwald. Jerry Priddy, former Yankee infielder, Ken Venturi and Frank Stranahan failed to qualify for the final 36 holes.

The 1960 Washington Senators, now the Minnesota Twins, lost 28 games by one run. In five of those games the scores was 1-0.

MENELAUS PORTRAYED

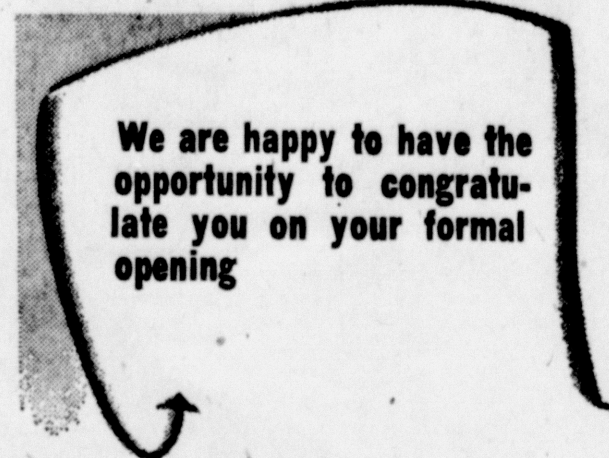

NEW YORK (AP) — Menelaus,

the Spartan King who went to war to get his wife back, is to be interpreted by Menasha Skulnik for Broadway in the musical comedy "Helen of Troy."

The veteran comedian of the Yiddish stage signed for performance in the show next fall under the production banner of Walter Fried.

Based on Offenbach's "La Belle Helene," the musical was tested last summer at the Cambridge, Mass., Drama Festival.

SAYS CAREER AND MARRIAGE CAN'T COMBINE

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP) — "Marry again? Nevermore, says Bette Davis."

"I just don't think it can work—not for career women," she said with characteristic frankness. "God knows I've tried."

"It's too bad that it won't work, because I like men. I just can't stay married to them."

Bette's marriage to Gary Merrill recently broke up. She was previously divorced from Harmon Nelson and William Grant Sherry and widowed by Arthur Farnsworth.

NOT POSSIBLE

"I don't believe a happy marriage is possible for those people who have set out to do something in life," she concluded. "Such people have to devote their full energies to what they are aiming to do; there isn't much left over for marriage."

"It's especially difficult for women in this (acting) business. It is time consuming. And there is the matter of making more money than your husband does. I don't think that deep down inside a man can adjust to that situation. He may say he does, but he doesn't."

I asked hesitantly if devotion to a career doesn't make for loneliness.

ARE BORN LONELY

"Career people are born lonely," she replied. "Fortunately for me, I have my children. I acquired them later in life than most women, so they are a comfort to me now. You're always occupied when there are children around."

She added reflectively: "Yes,

Fairfield

MRS. KENNETH SANDERS
Phone 57-R

FAIRFIELD — Mrs. Ira Walter was hostess to Circle 4 of the ULCW at a meeting at her home on the Orrtanna Rd. at which 12 members and four guests were present. Mrs. Richard White led the devotions and spoke on Christian vocations. The next meeting will include all the circles and will be held in the parish hall.

Members of the Fairfield High School band who participated in the Adams County Music Festival held in Gettysburg last week included the following: James Kittinger, Ronald Metz, Carson Lowe, James K. Sanders, James Neely, Ray Trembow, Ray Adelsberger, Dorothy Mohler, Carol Reindollar, Viola May, Carolyn Hartman, Larry Weikert, Thomas Reindollar, Yvonne Herring, Calvin Bream, Mary Harbaugh, Brenda Sanders and the entire chorus from the school.

Mr. and Mrs. Edgar McClain, of Harrisburg, spent the weekend with Mr. and Mrs. Leroy Sheads, Main St.

Mr. and Mrs. Francis Ruth and family have purchased the home owned by Mrs. William White, formerly known as the Thomas Walter home on Main St. and have taken residence there.

Miss Mary Ann Kittinger is convalescing at her home, following surgery in the Harrisburg General Hospital. She is the daughter of Mrs. Merle Kittinger.

Miss Hendrati Insijah Soekirno, exchange student from Indonesia, was the guest speaker at the Luther League meeting Sunday evening when they were hosts to the youth of St. John's United Church of Christ.

Miss Mary Herring and Miss Ann Sanders have returned from Philadelphia, where they spent the weekend on a vocational tour conducted by the Central Pennsylvania Synod of the United Lutheran Church.

Parents and friends of Pony League enthusiasts are invited to attend an organizational meeting at the Fairfield school cafeteria Friday evening, April 28, at 7:30 o'clock.

The Lions Club which has sponsored the league for several years has issued an appeal for more support for this project.

career people are lonely. But they can also be happy. Like coming home when you know you've done a good day's work. There is no greater satisfaction than that."

Bette is plunging into work again. She is doing her first Hollywood film in five years—the last was "A Catered Affair." She's now working for Frank Capra in "A Pocketful of Miracles," remake of the Damon Runyon tale "Lady for a Day" which he filmed in 1933.

LET HUSBANDS OUT FOR WORK WHILE IN JAIL

LANCASTER, Pa. (AP) — Wayward husbands in Lancaster County sent to jail for nonsupport will be allowed to leave the jail to go to work each day, if they are employed.

But right after work, says Warden Jack F. Tracy, they must return to jail. And, adds the warden, the "outmates" must endorse their weekly pay checks to him for deduction of support payments, allowances and a \$2 daily charge for room and board in the jail.

Tracy, who conceived the plan, explained that the county prison will give the men their meals, transportation allowances, and the money for cigarettes and toilet articles.

He said that if the outmates return to jail late from work or stop in a bar on the way they will forfeit the opportunity of working while in jail.

APPROVED BY JUDGE

The plan was approved by Judge Joseph B. Wissler. It went into effect Tuesday. It is voluntary. Husbands sent to jail for nonsupport can, if they so desire, spend their entire sentences in prison.

Since the plan went into effect, no nonsupport cases have come up. Lancaster County's Domestic Relations Court meets again Friday at which time some cases may come up.

For the past month the average jail sentence for wayward husbands has been about three months. Upon release they had been required to resume support and also to pay in installments back payments due.

Up until about a month ago, wayward husbands who served a jail term for nonsupport were not required to pay delinquent back fees upon their release.

LED CHAMPS AND LEAGUE
SPRINGFIELD, Mass. (AP) — Bill Sweeney of the champion Springfield Indians, picked up a trophy and a \$300 bonus for leading the American Hockey League in scoring last season. He tallied 108 points on 40 goals and 68 assists.

It was the first time in 19 years that a Springfield player led the league in scoring. Pete Kelly performed the feat in 1942.

PATTY'S SHOE IN MUSEUM
NEW YORK (AP) — One of the latest additions to the USGA Museum is the bronze golf shoe Patty Berg wore in her first USGA women's amateur tournament in 1935. Miss Berg was 17 then. Three years later she won the amateur (1938) at age 20.

The POWER of FAITH by Howard Brodie

"The Lord reigneth... let the multitude of isles be glad thereof."

Eleanor Wilson quoted the 97th Psalm, as she took command of the missionary ship, Morning Star VI, four years after World War II. She was the last American woman out of the Marshall and Caroline Islands at the war's start, and the first to return after the end. She studied navigation herself and learned from a Navy aviator how to plot a course. Then she sailed dangerous waters, teaching and preaching on atolls. Today at 68, she still sails the Pacific.

"We have seen the enduring evidence of the Morning Star missionaries," wrote Admiral Nimitz, during the war, "They have planted the seed of faith which the cruel strain of enemy conquest could not wither."

Eleanor Wilson is one of the nearly 5000 missionaries who have brought health, knowledge and inspiration to the world during the history of the American Board of Commissioners for Foreign Missions of the Congregational Churches, now celebrating its 150th anniversary.

Observer Feels Castro's Ruling Days Nearing End; Foresees Army Desertions

By WILLIAM L. RYAN
Associated Press News Analyst
MIAMI, Fla. (AP) — Fidel Castro's days seem numbered as the ruler of Cuba, regardless of the success or failure of invading rebel forces.

If the invasion achieves one of its major objectives—perhaps the most important of all—it will spark a wave of desertions from Castro's forces. This could mean that Cuba might be spared a long fratricidal civil war.

Cuban sources in Miami admit their success may hang on this factor more than any other. For then, in this respect, the invasion has been a calculated gamble.

Should the number of defections from the ranks of Castro's supporters be far less than the rebels anticipate, the invasion could fail.

IS A LIABILITY
But this would not necessarily save Fidel himself. He is rapidly becoming a liability to the Communists who now dominate the island, and it is far from improbable that the Communists themselves would feel it expedient to devise some means of getting rid of him.

Castro's loud blundering, which in two years has helped bring the island's economy to confused wreckage, has gotten in the way of the Communists. If the Communists are noted for anything, it is for their knack of organizing the power of a country and nailing it down.

Even if the invasion succeeds,

require more than that. Much depends upon how solid is Fidel's hold upon the militia. That is made up of ordinary people, dragged into long hours of marching, drilling and training on their own time. Many resented it, and many may be of a mind to defect. But the militia also has a large number of fanatical young men and women who enjoy playing with guns and shaking their fists at the Yankees.

15 ENDS AT PENN STATE
UNIVERSITY PARK, Pa. (AP) — Rebuilding his end corps may not be one of Coach Rip Engle's football problems at Penn State. Fifteen ends turned out for spring drills, including veterans Bob Mittinger, a 6-foot-2 Senior from Greensburg, Pa., and Dave Robinson, a 6-foot-3 Junior from Moorestown, N. J.

All end candidates are 6-foot-1 or taller. Tallest candidate was Don Stepanausky, a 6-foot-5 Sophomore from DuBois, Pa.
